¿SABÍA QUE?

El engaño en línea: ¿qué es y cómo hablar de él?

El engaño en línea es una categoría amplia de explotación en línea en la que se ejerce grooming sobre un menor para hacer que se tome imágenes sexualmente explícitas o que, en algún momento, se encuentre personalmente con una persona para fines sexuales, o que participe de una conversación sexual en línea o, en algunos casos, venda o comercialice sus imágenes sexuales. Este tipo de victimización puede ocurrir en cualquiera de las plataformas, medios sociales, aplicaciones de mensajería, plataformas de juegos. Es posible que los niños y adolescentes no den el primer paso para revelar una interacción incómoda o inapropiada en línea, por eso es importante comprender el problema y saber cómo hablar sobre él. DID YOU KNOW?

Online enticement: what is it and how to talk about it
Online enticement involves an individual communicating with someone believed to be a child via the internet with the intent to commit a sexual offense or abduction. This is a broad category of online exploitation in which a child is being groomed to take sexually explicit images and/or ultimately meet face-to-face with someone for sexual purposes, or to engage in a sexual conversation online or, in some instances, to sell/trade the child's sexual images. This type of victimization takes place across every online platform – social media, messaging apps, game, etc. The goals of online enticement vary, but most commonly offenders seem to want to extort additional sexually explicit images from the child. Children and teens may not take the first steps in disclosing to an uncomfortable online interaction, so it's important to understand the issue and how to talk about it.
