Rachel's Vineyard Retreat weekend for Healing after Abortion

Rachel's Vineyard retreat is for men and women struggling with the emotional and spiritual pain of abortion. The retreat is designed to help participants work through repressed grief and anger in a safe, nonjudgmental setting and come to acceptance, healing, and hope for the future. Developed in the Roman Catholic Tradition, it utilizes spiritual exercises and rituals to help grieve the loss of unborn children and to accept God's forgiveness. All inquiries and registrations are confidential.

Concerning behaviors in children

In contrast to last week's article about age-appropriate curiosity, signs that a child is being sexually abused will typically be displayed in more concerning ways. Problematic sexual behaviors include an explicit imitation of intercourse or sexual acts, touching animals inappropriately, and/or persistent, repeated behaviors or knowledge of sexual acts. One aspect that can make children more vulnerable is the significant amount of sexual content in our popular media, which may be viewed by children on shows and commercials, in gaming apps, websites, through technology such as smart phones, texting apps and social media. For more information, read the VIRTUS® article "Differentiating age-appropriate curiosity from harmful sexual behavior and abuse in elementary aged children" at lacatholics.org/did-you-know.

¿SABÍA QUE?

Problemas de comportamiento en los niños

Al contrario del artículo de la semana pasada sobre la curiosidad apropiada, los signos de que un niño está sufriendo abuso sexual suelen manifestarse de formas preocupantes. Los comportamientos sexuales problemáticos pueden incluir la imitación explícita de actos sexuales, tocar a animales de forma inapropiada, y/o el conocimiento de actos sexuales y conducta semejante que es persistente y repetido. Un aspecto que puede hacer que los niños sean más vulnerables es la gran cantidad de contenido sexual que hay en los medios de comunicación populares, al que los niños pueden tener acceso a través de programas y comerciales en la tele, videojuegos, sitios web, y mediante dispositivos como los teléfonos inteligentes, las aplicaciones de mensajería y las redes sociales. Para más consejos e información lea el artículo de VIRTUS® "Cómo distinguir entre la curiosidad normal y la conducta sexual inapropiada y el abuso en niños" (Differentiating age-appropriate curiosity from harmful sexual behavior and abuse in elementary aged children) en lacatholics.org/did-you-know.
