

40 Mile Park Speed Limit

The County has received numerous complaints regarding the speed of traffic throughout the park. The speed of traffic in the park directly relates to dust from the roads and public safety concerns. Slower traffic creates less dust and reduces the risk of pedestrian collisions. As part of the proposed Highway and Traffic Safety Bylaw, a speed limit in the park of 10 km/h is being considered. Anyone wishing to provide comments on this matter can submit them by email to info@fortymile.ab.ca or delivering written submission to 113072 Hwy 61, Foremost, before September 13, 2026.

The proposed Highway and Traffic Safety Bylaw can be viewed at <http://www.40mile.ca/> and comments relating to it may also be submitted before September 13, 2026.
