11 Howard

"*11 Howard* is a hip, upscale hotel downtown with Scandinavian chic interiors. From first check-in (which is done on iPads), to the beautiful restaurant Le Cou Cou on the first floor, 11 Howard was one of my favorite staycations last year."

Le Cou Cou

"*This French restaurant* is on the first floor of 11 Howard. I have not had the experience of dining here yet; I'm saving it for a special occasion! It claims to serve refined French fare, and I've only heard good things. The decor and this bar area, especially, are gorgeous."
