

Groupon Policy

Print Name: _____ Date: _____

Please read and initial our Groupon Policy below.

(Initial) **Repeated Use** - Patients are allowed to use one Groupon voucher Per Year - 12 months from the last Groupon redeemed/used. This includes Groupon vouchers purchased under different account names or gifted to you. Repeatedly using a Groupon voucher more than once a year is a violation of our office policies.

(Initial) **Expiration Dates** - As a customer, you have until the expiration date on your Groupon voucher to book your appointment and redeem your voucher in person with Ponte Vedra Vein Institute. After that date, you will owe the difference of the regular retail value of the service (at full price) and the price that you paid towards your voucher. This money is owed to Ponte Vedra Vein Institute directly at the time of service. The voucher can only be applied towards the service that was originally purchased, unless otherwise agreed upon by management and may never be used towards products.

(Initial) **Refunds** - All refunds are administered by Groupon. Ponte Vedra Vein Institute has been instructed by Groupon not to refund customers.

(Initial) **Taxes** – Groupon vouchers are subject to local taxes.

(Initial) **Time Limitations** – Once your Groupon is redeemed, you will have 12 months to complete your service(s) with Ponte Vedra Vein Institute.

(Initial) **Time Limitations** – All Neurotoxin units, such as Dysport or Xeomin, must be used on the first initial visit. No units are eligible to be banked for future use.
