LEADERSHIP COUNCIL

Philadelphia Children's Alliance is proud to announce the creation of a new **Leadership Council**. This initiative invites select former Board of Directors members and other valued individuals to engage in a meaningful opportunity that supports PCA's mission to end child sex abuse.

We aim to engage community members to contribute their expertise, knowledge, and network in support of PCA's ongoing efforts for children, families, and Philadelphia.

Membership Activities and Opportunities

- Participate in strategic discussions to ensure PCA's successful future by sharing best practices and identifying lessons learned based on your experience
- Annual lunch with Joe Culley (Board President) and Benita Williams (Executive Director) to engage members in a discussion around the PCA's priorities for the year
- Option to serve on the Bear Affair Committee
- Receive exclusive annual "behind-the-scenes" newsletter from Joe and Benita
- Volunteer opportunities such as: hosting tours, participating in donor stewardship, and leading private networking and fundraising activities
- Invitation to annual Legislative Breakfast held at PCA

Getting Involved

Individuals commit to volunteering their time and expertise based on availability. Participation in the annual giving campaign and our flagship fundraising event, the Bear Affair, is expected.

The Council offers a unique opportunity to be closely connected to PCA while contributing to the organization's vital work.

For more information or to express your interest in joining the Leadership Council, please contact Amy Leach (aleach@philachildrensalliance.org) who will be happy to share additional details and next steps.

**As with our current volunteer program, all Council members must submit to a background check and fingerprinting to ensure the safety of the children and families PCA serves.*
