Participants placed in
paid internship positions
as entry point to
employment

Testimony

"I had gone on 20 job interviews – nothing. Then I took the Dubuque Back2Work class. What it gave me was confidence and hope. Guess what? I was hired after the class and interview number 21!"~K.B.

Testimony

"I was really feeling depressed. I had been incarcerated, and no one was willing to hire me. I took the Back2Work class, and I am now working full-time with benefits. I am working now at getting reunited with my kids." ~B.B.
