REVISED 10/30/2025

One of the very best things about living in Greenbriar at Whittingham is the extensive network of clubs we have. We have assembled descriptions of what each club does, when it meets, how much it costs and who to contact to find out more. We hope this will help open you up to the many activities we enjoy while living here.

The best way to find out what is going on is to read our newspaper “The Pulse” that is emailed and mailed to your home every month. Copies of “The Pulse” are also available online at gwmonroe.com. The Pulse contains a complete and extensive calendar of happenings.

Another great source of what is happening is Channel 26. Comcast subscribers can tune to 26 to see upcoming events. Pro tip: set your DVR to tape it for 15 minutes, then watch it at 2x speed stopping on what interests you most.

Have fun and please drive slowly on our streets. We have no sidewalks!

The Barry Geffner After Hours Club has a dinner dance the 4th Friday of the month at 7:00PM. The yearly dues are \$10 per person and covers the period from January—December.

The following are 10 reasons to join the club:

10. Meet and greet new friends.
9. Great entertainment and food at a reasonable price.
8. Gets you off the couch and into the spotlight.
7. The fun happens right in our clubhouse.
6. Varied entertainers for varies tastes.
5. 50-50 raffle.
4. News of event communicated through flyers and e-mail.
3. Seating with friends.
2. The club contributes to our Fire, First Aid and Police departments, Library and the Senior Center every year.
1. ***And the number one reason to join our club is let us entertain you and you will have a great time.***

GW Chorus

The GW Chorus is a group of about 50 of your friends and neighbors, men and women, who meet once a week because we love music. We do not hold auditions. Anyone who enjoys singing is welcome to join us at any time. We meet every Thursday morning from 10:00 to 11:30 in the Towne Center ballroom. Our rehearsals are filled with laughter and joy as we make beautiful music together. Many of us have formed wonderful friendships with folks in our group.

We have two performances each year, one in December and one in June. Our concerts are sponsored by The Residents Civic Group. Each performance has a specific theme and ends with an audience sing-along. A good time is always had by all.

We are always hoping to add more voices to our wonderful chorus. If you are interested, just come to one of our rehearsals on any Thursday morning and we will give you all the materials you need. You will start singing with us right away.

When we sing, we forget our troubles and have a wonderful time. This is a great group of people and I hope you will consider being part of it.

Janet Blau
Chorus Director
(609) 619-3722

Greenbriar at Whittingham Computer Club

Perhaps you are not aware the Greenbriar at Whittingham has a Computer Club. We meet on Zoom and in the Towne Centre. It is a place where folks can ask questions and learn about great ways to benefit from owning a computer, tablet or smart phone.

I know many folks of the generations represented at GB @ W have not embraced computers. Early on, it was kind of a badge of honor to have shunned taking the digital plunge. To embrace technology has gotten much less expensive and to fully utilize technology has gotten much easier, much more useful and practically essential.

Our computer club consists of people with various levels of computer savy. From the folks barely able to turn the darn thing on, to others who can hack into the FBI (well maybe that is an exaggeration), we have members at all levels of computer knowledge. There is always someone who can solve a problem or at least point you in the right direction. In fact, two of our members will come to your home and for a small fee, solve the most infuriating problems. No solution, no fee. No club membership required and no waiting for the Geek Squad to be in your area.

The club tackles all forms of technology including smart watches, phones, and tablets. If there is a device your parents never owned when you were growing up, it's likely we talk about it along with current trends in computing. It is a great place to get advice like, should I upgrade to Windows 11 or do I really need to spend money on virus protection or is an iPhone really worth \$900?

Prepare your questions and someone will help you set up your email or make it so you can Zoom with family. Someone is always around to help you get over the inertia of using your machine.

The internet has made the computer nearly as important as a refrigerator . Having an internet connected computer is like living the world's biggest library. Whatever you want to know, whatever you want to see, whatever your interests are, the internet has information. In fact the Monroe Township Library offers audio books and magazines for download for free.

If you are interested in learning more about your computer, your cable TV or your smart phone, join us. Dues are \$10.00 per year. Contact Denise Kennedy 609-860-0262 Denisekennedy@gmail.com.

Our Book, Debatable, Movie and Provocative groups meet on different Mondays. In addition, we offer the third Friday of the month a movie group with discussions afterwards. In addition there is a Wednesday evening Provocative group.

We contribute to the Monroe Township Food Pantry, HOMEFRONT (an organization assisting homeless families) and Women Aware (a shelter for abused women).

Our annual dues of \$15.00 for single or \$20.00 (family) from June 1 to May 31 allows you to participate in all our activities.

Please join us. Any questions call Carol Cooper 609-409-3860 or 609-947-4404

Alan Hermelee Current Events Discussion Group

It ain't just politics! The "Current Events Discussion Group" meets for lively discussions on a range of topics that include current affairs, political issues, technology, community concerns, and any other topic of interest to the group. The discussions are sometimes political, sometimes philosophical, sometimes technical, and sometimes simply topics of interest to the community. They are always respectful and thought provoking. We have lively, but friendly debates. Topics can range anywhere from what is at stake in the next school budget vote to the perceived threat posed by Russia. The amount of time we spend on a topic will depend on the level of interest of those in attendance. Our purpose is to meet and discuss topics of common interest to the group in an enjoyable and friendly atmosphere among people who have diverse opinions. If you have topics that interest you and of which people can have diverse views or are there simply to listen, please come and join us. If you have a topic you would like to discuss, please raise the topic at the meeting. It is a great way to meet new people and have an enjoyable afternoon.

We meet in the Towne Center Library on the 1st and 3rd Tuesday of the month from 2:00 to 3:30PM. There is no fee and no obligation. Nobody takes attendance. Come as frequently as you like. We expect the group to be made up of friendly, passionate, respectful men and women who enjoy having intelligent debates on all sides of a variety of topics. For questions call Mark Surks at 609-655-5065.

In addition to in person instruction I have free dance lessons through my own YouTube channel. I also offer a Subscription Virtual Line Dance class (\$10 per month). If you have questions or need further information please email me @ terifaro@gmail.com.

Tuesday: Line Dancing with Ann—Beginner's class starts at 10:00am. Each lesson is taught slowly so it is easy to follow. I will teach 3 dances each week. Then, after teaching, we have a regular class from 10:30—11:15am. I definitely know you will enjoy dancing. It is fun, healthy, and a place to meet others from the community. For information call Ann, 609-619-3059.

Friday: Beginner's Plus, 10:00AM—Led by Joan and Sona in the Towne Centre Ballroom. This class introduces the latest dances done in outside venues. They are not more difficult, but they are different from the other two classes. We teach and review as we go along, with many dances that are east, but fast-paced. Your heart rate will definitely increase during this session. You will learn the correct name for common dance steps used across the country. As we dance each dance, steps are called as needed. YouTube videos are offered to those who request them. After attending a few Friday classes, you will be ready to dance with the rest of the country line dancers across the country! For questions, call Joan 609-664-2271 or Sona 201-981-6072.

While his hamstrings are still tight, yoga has helped him recover from a serious back injury, decrease stress levels, and increase energy, stamina, and strength. His Hatha Yoga teaching style encourages both newcomers and seasoned 'yogis' to bring their awareness to healthy alignment during their yoga practice. ORT America Greater Monroe Chapter

IMPACT THROUGH EDUCATION

ORT America is the leading support organization for World ORT. From its inception in 1880, it has built a network that now services 300,000 students a year in over 35 countries.

Our chapter is a vital part of that network. We hold open meetings the 4th Wednesday evening of the month with an array of interesting programs. Our numerous activities include day trips, game days (cards, Mah Jongg, Scrabble or any other), ethnic luncheons in local restaurants (where members get the flavor of the food of the countries in which we have schools and programs), and special events (professional impersonators, book and author programs, celebrations of special occasions and others), during the year.

Many of our activities are fundraisers to support our schools, colleges, and international programs which propel our students to develop careers and lead fulfilling, independent lives. With the support, we can reach undeserved students by bridging the gap between aptitude and opportunity by providing knowledge, encouraging girls and women to have productive lives and strengthening Jewish identity.

Join us for socializing, fun times and help us to make an Impact through Education.

GW Social Club

The Martin Salmanowitz Senior Social Club (simply known as The Senior Social Club) was formed many years ago by a small group of new residents who were among the first people to move into our new community. Our club is established for Benevolence, Social, and Charitable purposes. Martin Salmanowitz was the force behind this small group who wanted a club that provided good food and entertainment to our residents at a reasonable cost. They diligently checked out talented entertainers and quality caterers for them to put together luncheon and dinner shows.

Today, our Senior Social Club follows the same principle that our founders intended. Of course, we use the Internet for searches, but we still seriously plan and spend a considerable amount of time, to provide excellent entertainment and quality food at reasonable prices. **Our membership year is from July 1-June 30, and the dues is \$20/couple, \$10/singles. Nine months of the year on a Thursday afternoon we have a luncheon show at 1:00 p.m. in our ballroom. The months of June, September and December we have a dinner show on a Saturday evening at 6:30 p.m. in our ballroom. We also plan bus trips to various theaters throughout the year. We display our flyers for all these events in the racks in our clubhouse.** We advertise our events on Channel 26, on the gwmonroe.net website, and also notify our members of upcoming events by email.

Our Senior Social Club has speaker meetings where they present information on topical subjects. These meetings are open to all our residents. Over the years, the Senior Social Club has been one of the largest social clubs at Greenbriar@Whittingham. **Our Club also sponsors Bingo on the second Friday of the month at 7:00 p.m. in our ballroom. Bingo is open to residents as well as non-residents guests.** Come and join us for an afternoon or evening of fun and relaxation!

The Sherlock Holmes Club of Greenbriar at Whittingham

(aka The Middlesex Constabulary, a scion society of The Baker Street Irregulars)

The Sherlock Holmes Club is dedicated to exploring and discussing the adventures of Sherlock Holmes, Dr. John Watson and the life and times of Victorian England. One of the 60 original stories by Sir Arthur Conan Doyle is selected for each meeting, which feature film clips and discussion. There are no dues and the stories are available for free online. New members are always warmly welcomed!

A bit about Sherlock Holmes clubs and societies. One might think that stories about a fictional detective written in England over 130 years ago would have faded into memory in our 21st century world. On the contrary, clubs such as ours, where enthusiasts of Sherlock Holmes can gather together, have formed in dozens of countries around the globe and number in the hundreds. *The Baker Street Irregulars* was the first formal society devoted to Sherlock Holmes. Founded in New York in 1934, it was shortly followed by the *The Sherlock Holmes Society*, in London. Many online groups, such as *The Hounds of the Internet*, have also developed in recent years.

Arthur Conan Doyle wrote the first story in 1887, and Holmes was instantly popular. Actor William Gillette brought the master detective to life on stage, and Robert Downey Jr and Benedict Cumberbatch are popular modern screen versions. Few Sherlock Holmes fans would argue against the brilliance of Basil Rathbone's depiction of the great detective for the big screen, or with Jeremy Brett's perfect Holmes for Granada TV in the 1980's.

So why do we still love Sherlock Holmes? The atmosphere of Victorian London- the fog and hansom cabs, cobblestone streets lit by flickering gas lamps, the River Thames, the cheery fireplace in the Baker Street sitting room, strange characters and villains- bring us back to an interesting place and time before technology took over.

And on a personal level, Sherlock Holmes still fascinates. The combination of his intellect, his fascinating skills of observation and deduction and the workmanlike manner in which he conducts an investigation draw us in. We are right there alongside Holmes and Dr. Watson from start to the often surprise finish of a case. His relationship with Dr. Watson, the everyman who narrates the stories, is endearing to the reader, showing a sympathetic, human side to Holmes the reasoning machine. Their friendship and loyalty to each other is always guaranteed.

So come join us! We meet at 4:30PM on the 4th Wednesday of each month (except August and December) in the 2nd floor meeting room of the Towne Centre. Club announcements are posted in our column in the Voice, on channel 26 and on flyers in the Towne Center lobby. Feel free to call Paul @ 609 642-6314 with questions. The Game is Afoot!

Stained Glass Club

1. Meetings

The club meets in the basement multi-use room every Thursday between 6-8 pm. Stained glass projects may range from a simple butterfly to more extensive ones such as a design for an elaborate window. New members must pay a one time initiation fee of \$10. At present there are 6 active members, but space is limited because work stations are very well separated.

2. Steps in producing a stained glass piece

- A. Cut pieces of the pattern, trace pieces on glass
- B. Using a glass cutter to cut and then grind pieces to fit
- C. Use special foil to go around the outside edge of all pieces.
- D. Solder pieces together using a soldering iron, flux and solder
- E. The solder between pieces is usually blackened by a chemical patina.

3. Supplies

We have a complete list of supplies that we advise new members to purchase.

A glass cutter, soldering iron, solder, special foil and chemicals are a members responsibility as they do get used up.

Most supplies can be purchased at Hobby Lobby or at Rainbow Glass @ 1/2 hour from Greenbriar. Basic supplies may cost between \$75-\$100.

We have a nice supply of different colors and textures of glass to be used by members. However, members making projects of substantial size usually purchase their own glass. We have grinders and cutting boards for members to use.

Stop by most any Thursday to pick up a list of helpful supplies,

And to receive answers to any questions

We also constructed new wood mailbox stations located in the Towne Centre Library. We made toys for the children's hospital. We meet every Monday at 12 noon, but any member can use the shop anytime, but must have two members to use the electric machines. We also appreciate donation of wood and tools by residents.

After 5 years we recently collected \$10.00 dues. The amount to join the woodworking club is \$10.00. With our money we recently purchased a table saw and three cordless power drills. We are open to accept new members and if interested you can call Tom Garuccio 609-655-4969.
