

## Location

The Health Care Center is located in the annex of the Clubhouse.

## Fees

There are no fees for services performed by the nurse in the Health Care Center. Laboratory work can be sent to Saint Peter's University Hospital, Lab Corp or Quest for processing and analysis. The selected laboratory will bill your insurance for their services.

*(Co-pay/co-insurance fees may apply)*

# Welcome to the Greenbriar at Whittingham Health Care Center

Your Health and well-being are our top priorities. We are committed to providing compassionate, high-quality nursing care in a welcoming, patient-centered environment. Our experienced nurses offer a wide range of healthcare services.

The Greenbriar at Whittingham Health Care Center is staffed with one nurse and is open 7am – 11pm, 365 days per year.

## Health Care Center Services

The following services are available to residents:

- Response to home and community emergencies; dial 9-1-1 for all emergencies. The Health Care Center and local first aid squad are both notified.
- Basic First aid.
- Assessment of illness in the Health Care Center.
- Collection of diagnostic specimens, including blood draw and urinalysis. Bring your prescription to the Health Care Center and make an appointment with the nurse.
- Wound dressing changes. Bring prescription to the Health Care Center and schedule an appointment with the nurse.
- Medication injections can be administered by the nurse at the Health Care Center with a physicians order (after receiving two injections at the physician's office). Contact the Health Care Center nurse for further instructions.
- Blood pressure and blood sugar screenings.
- Influenza (Flu shot) vaccination clinics.

- Communication with the resident's healthcare professionals and family regarding changes in the resident's health status.
- Health education in response to the resident's healthcare needs (e.g., self administration of insulin injections).
- Telephone triage.
- Resident and family services referral.
- Annual health/wellness fair.
- Health education programs provided by Saint Peter's University Hospital professionals and community partners are hosted regularly throughout the year.

## How You Can Help

***Please keep your records up to date!***

Emergency medical and contact information for every resident should be on file even if the resident does not plan to use any of the services available.
