

SAFETY IN YOUR HOME

When: 9/24/2026, 2 PM

Where: Greenbriar Ballroom

Our speaker is Wayne Baruch

- Retired as Safety Director from Forest Electric Corp., in Edison, NJ.
- Prior to joining Forest, Wayne was regional safety manager for Bancroft Construction.
- He began his formal safety career as a site safety manager for Turner Construction in New York, where he worked on projects of as many as 750 tradespeople per day, a million square feet of construction space, and as large as several hundred million dollars of construction value.
- As managing member of The Artisans Group, his expert witness practice addressed issues of safety, compliance with regulations, codes, and standards of practice, and risk management. His reports were accepted into evidence by courts of law in NY, NJ, PA, DE, and MD. His clients included counsel for both plaintiffs and defendants, as well as contractors, sureties, vendors, and owners.
- Retired OSHA Authorized Outreach Trainer.
- Past Board Member of the NJ Chapter of the American Society of Safety Professionals
