

## New Family Referral Incentive

Arlington Baptist School is offering a discount incentive to current school families who refer a new family to our school for the 2022-2023 school year.

**For each referral you make that results in a new enrollment of a paying student, you will be eligible to receive a discount on your tuition account as follows:**

- a) \$750 per all-day kindergarten, elementary, or secondary student referred
- b) \$375 per half-day kindergarten student referred

(Amount of discount may be significantly reduced if given in combination with other discounts. Please contact Business Office for details.)

The following rules apply to this incentive program:

1. **The referring family must notify Arlington Baptist School in writing that a referral has been made and to whom it has been made prior to the time the new family contacts the school (see form at bottom of page).**
2. The referral must be made by a current school family.
3. The referral must be made to a family that had no students enrolled in Arlington Baptist School the previous year.
4. The referral must result in the enrollment of a paying student.
5. Both the referring family's child and the new family's child must remain in Arlington Baptist School for the entire school year.
6. The discount will be given as a refund to the referring family at the end of the school year.
7. Tuition accounts for both the referring family and the referred family must be paid in full before the refund is issued.

Please use the form below to provide us with the required written notification of the family you are referring. Any questions about this incentive program may be directed to the Business Office at extension 126.
