New Glasses; Chiropractic; Over the Counter Benefits*** to name a few. I'm getting ***Preventative Check Ups and Procedures done that have given me Peace of Mind for the Future... PLEASE,*** if you haven't scheduled your annual and/or preventative check up yet, ***Call your Doctor today and do so.***

Included in this issue of the ***Gazette*** is an announcement that ***we now can offer you a "TRUE" Dental Insurance Plan by Physicians Mutual.*** It is Not a "Discount" plan where many times you are subjected to abusive "upselling." ***This plan also allows you to go to the Dentist of your choice. There is no annual maximum and it can work alongside another plan.*** Terri and I have already enrolled in the plan. ***You can sign up anytime, just give our office a call! Thank you for the Referrals you send to us and if you haven't had a chance to visit our new office, stop by, we have a Gift for you! Lastly and of great importance...Please put a reminder on your calendar to call us in September to schedule your Medicare Plan Review for 2024. All the Best, George***

Watch out for SCAMMERS!

Are you tired of the endless phone calls regarding your Medicare choice? These tactics are used to intimidate you or coerce you into putting yourself in a position to move you away from our agency as being your Trusted Medicare advisors. These calls are from people who look at you as a number, if they can move you to another plan then they get paid and they don't have to think about you again. Worse than this, they don't care what plan they put you in or if you lose your doctor. A legitimate Medicare agent will not contact you by phone to solicit your business. Further, the MBI (member beneficiary identification) number you find on your Medicare Card (the red, white and blue card) is only needed to MOVE YOU INTO A NEW PLAN. In other words, no one ever will ask you for this number unless they are planning to move you into a new Medicare Plan. Please protect yourself from these Scammers and do not give out your MBI number.
