## STUDLEY PARK

## Volunteer's Report

---

July  
2023

### Vols:

Ken Bellman, Pete Tanner, Don Smith, Terry Hughes, Pete Southby, Bob Preston and Dave Byrne.

Guest Vol: Noel Beattie.

Apologies: Arthur Kelly (back from the bush but with the lurgy)

### Clearing the 4<sup>th</sup> Dam Jungle:

A big job this area. Team earlier in the month finished clearing the casuarinas near 4<sup>th</sup> green and continued on for 2 shifts clearing the 'jungle'.

The pics: **Dave** getting stuck into a large dead one.

Looks like these casuarina's are growing into each-other?

Yes indeed.

Tree dislodged from trunk but still upright. The team: **Don** driving, **Terry** on water duty, **Ken** thinking up a plan following attachment of chain, **Dave & Pete S** thinking 'wonder what **Ken's** thinking?'

That's it, drag it from the bottom.

Thumbs up from **Ken** - 'Success'.

'Lets cut' – **Ken, Pete, Bob, Dave & Terry** in action. And yes, a very dead one. Might get rid of that old water pipe when Course Super **Justin** gives the nod.

**Don, Ken & Pete** loading. A good shot up the 4<sup>th</sup> showing results of tree canopying happening throughout the course.

In fact, **Ken & Noel** have spent a few extra Mondays with **Noel's** motorized pole saw doing just that. **Ken** in action behind a newly discovered **Illawarra Flame** tree.

With the dry weather upon us, **Arthur** put a call in to water the newly planted flame trees & grasses about the 17<sup>th</sup>.

**Team** duly attending.

**Volunteer's Trophy:-** “Studley Park – Order of the Shovel – Vos Estis Sal Terrae”

I have to say that we are really starting to see some significant results right around the course courtesy of **CGC Volunteers**.

***Cheers, Pete Tanner. VCO, OOTS.***
