Volunteer's Report

May
2023

Vols:

Ken Bellman, Arthur Kelly, Pete Tanner and Bob Preston. Guest Vol: Rick Peel.

Apologies: Don Smith (in NZ), Terry Hughes (family business), Dave Byrne (family business) & Pete Southby (flu – not covid!!)

Trimming. Planting. Crowning & Felling:

Let's start with a before & after for **Ken**. A large untidy one between the 5th & 6th.

Ken commencing the crowning process. Progress very slow at start, which after a few goes discovered the chain was on backwards #++#!!

And what a result looking down the 5th.

Bob, Arthur & Peter T (the photo guy) tidying up the grasses at the **17th tee**.

A big garden this one!!

Planting well under way. In fact, about 100 shrubs in all. **Arthur** looking content, 'non-stop' **Bob** still planting. **Ken** in background making full use of the marshal's cart.

Arthur & Bob at the **7th** removing weeds from the creeping grevillea. More shrubs also planted.

At the RHS of **12th**. **Bob** supervising, **Arthur** sawing.

Rick starting on a large struggling gum.

Bob, Arthur & Rick at the 13th. Lots of good firewood ready to load.
And compliments to the **greens staff** for a super job trimming edges of the 13th dam.

Quote Of The Day:

Bob P: 'Crickey, vols used to work 8 to 11. It's 11:45 and he's (**Arthur**) cutting down another one!!'

A Good News Story:

Reads may remember the recent damage done to the newly planted Morton Bay fig.

Arthur performed a delicate surgery and here is the update:

I am later informed that **Arthur** more recently performed some 'not so delicate' surgery with a cheese knife!! - and missed Saturdays' comp.

Volunteer's Trophy:- "Studley Park – Order of the Shovel – Vos Estis Sal Terrae"

Pete Tanner: Great camera work (at the 7th) .

Cheers, Pete Tanner. VCO, OOTS.
