STUDLEY PARK

Volunteers Report

Sept
2023

Vols: (Sept 18th)

Ken Bellman, Pete Tanner, Pete Southby, Bob Preston, Don Smith, Arthur Kelly and Dave Byrne.

Apology from **Terry Hughes.**

Team decided to leave the chainsaws in the shed for a change and attend to gardens etc around the club entry and car park.

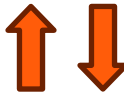

For some time now, that small but prominently placed garden near the 1st tee has remained in need of some TLC and upgrade.

That's **Arthur, Ken (I think?), Pete S. & Dave** and a very nice view down **the 1st**. What a difference a few plants, some raking of debris out and replacement with new mulch makes!!

Don, Pete & Bob mulching both sides at club entry.
(Couldn't find a double-sided arrow!)

Then down to the 7th tee garden to plant more **bronze ramblers** (which seem to like conditions down here better than those at clubhouse front garden), water & mulch.

Pete, Dave, Arthur & Bob in action:

Oh yes, that's Ken on the water!!

A great effort all round attending to these areas, in particular, the club entry and surround that still calls out for lots more to do.

Volunteer's Trophy: - "Studley Park – Order of the Shovel – Vos Estis Sal Terrae"

Credit must go to the hard-working mulch team of **Don Smith** (who turned up not feeling the best), **Pete Southby & Bob Preston** who went non-stop all morning.

Cheers, Pete Tanner. VCO, OOTS. (Next vol day: tba).
