

# What is World AIDS Day?

**World AIDS Day** is a day to raise awareness about HIV and remember the community members and loved ones we have lost to AIDS/HIV. **Houston ranks 11th** in the nation for new HIV transmissions. Over 26% of those new transmissions will be diagnosed with AIDS, and there are **29,643 people living with HIV** in the **Greater Houston Area**.

**What does it take to change these numbers?** It takes the preventative and stabilizing services provided by AFH such as **Pre-Exposure Prophylaxis (PrEP)**, a daily pill that is up to 99% effective in protecting against acquiring HIV through sex. For those living with HIV, linkage to care that allows the suppression of a person's viral load so that they are undetectable and therefore cannot transmit HIV during sex. This is known as Treatment as Prevention or **Undetectable Equals Untransmittable (U=U)**.

With your support, we are able to provide these and other services to continue to reach, educate, test and treat HIV and other sexually transmitted infections (STIs) throughout the Houston community.

## — OUR IMPACT IN 2021 —

<b>765</b> people tested for HIV & educated about PrEP	<b>761</b> clients served through AFH's Stone Soup food pantry	<b>319</b> men, women and children provided affordable housing in AFH-run communities	<b>177</b> youth and their siblings participated in Camp Hope at Home
