

WHAT IS PREPLANNING?

Thinking about a funeral leaves most people with an uncomfortable feeling. Preplanning offers emotional and financial security for everyone – you and your family. It gives you a chance to ensure your legacy is remembered according to your wishes. Most importantly, it gives families comfort in knowing that the funeral reflects what their loved one wanted. It also gives them peace of mind to not have to make important decisions at a stressful time. The best thing about preplanning is you pay today's price for your funeral and that saves you thousands! Plus, there are multiple payment options available to fit any budget.

CAN I PAY FOR EVERY ASPECT OF A FUNERAL WHEN I PRE-PLAN?

Yes, you can pay for your funeral plus flowers, casket, vault and programs.

"Every Life Is A Life Worth Celebrating"

WHY WE ARE HERE?

According to the Louisiana Hospice and Palliative Care Association, 50 percent of hospice patients have not made funeral arrangements. We all know funeral planning is the last thing anyone wants to think about, or even plan for. Nonetheless, when a death occurs the family is always frantic, emotional, and overwhelmed with the stress of making quick final arrangement decisions for their loved ones.

Many hospice facilities are now having open discussions about funeral planning. We felt the need to extend our services and expertise throughout the community to help both families and the facilities in Louisiana.
