In most areas of the country, state or local law does not require that you buy a container to surround the casket in the grave. However, many cemeteries require that you have such a container so that the grave will not sink in. Either a grave liner or a burial vault will satisfy these requirements.

This list does not include prices for certain items you may ask us to buy for you, such as cemetery services, flowers, and local or out-of-town newspaper obituaries.

Cremation with Integrity

Safe and secure for your peace of mind - Most are unaware that no standards exist for crematories in Colorado.

Consequently, other cremation companies outsource the transfer of the deceased and the cremation to low priced bidders who operate in industrial areas. By choosing Brown's Cremation and Funeral Service, you gain peace of mind with our superior cremation services and the comfort of knowing that your loved one will always be in the compassionate, capable hands of our staff. We offer cremations at our private crematory so your loved one never leaves the shelter of our expert care. Most importantly, our certified, trained professionals handle every step of the cremation process with dignity and respect.

Clean, secure crematory - We are among the few mortuaries to operate our own crematory inside our clean and secure facility.

Individual cremations - Two staff members participate in every step of the process, assuring that your loved one is cared for appropriately. You can rest assured that we cremate one individual at a time and diligently remove and track all cremated remains.

Identity Assurance - Your peace of mind in knowing your loved one is being properly cared for is important, especially in Colorado, the only state without licensing, or meaningful oversight. That is why we have implemented a detailed tracking process that begins the moment your loved one is in the care of our staff. This uniquely designed process not only tracks your loved one, but all personal effects as well, until the final disposition of the cremated remains.

Personal inspections - We are the region's first crematory to encourage each family's personal inspection of our facilities. The Direct Cremation Options include sheltering/refrigeration for up to 4 days (other cremationists charge extra for each day of refrigeration.) We also provide a windowed room that allows you to be present for the start of the cremation process. There is a charge of \$295 to reserve the room and cover the additional time of our staff.

Certified experts - Our staff receives advanced certifications to perform cremations. We strictly adhere to our own Cremation Code of Ethics-your assurance of our commitment to honesty and dignity.

If picking up remains from Denver International Airport or Salt Lake City Airport, add \$950. If picking up remains from other airport outside Mesa County, add additional mileage charge. Add to the fee any additional services selected, such as graveside ceremony, Other Preparation (dressing/casketing), Viewing or Visitation and Funeral Service at Chapel or Church.

Immediate Burial

\$2,195

Immediate burial is the process for burial of the un-embalmed body as soon as possible. Difficulties in filing a death certificate and securing the necessary legal permit immediately and/or a cemetery's inability to open a grave on short notice may require the body be embalmed (\$695) or refrigerated (\$125 per day after 4 days) to comply with State of Colorado health regulations requiring a sanitary disposition of the deceased within 24 hours (CRS 12-54-11). We include 4 days of refrigeration before additional fees. The casket must stay closed at all times in order to comply with company policy. The Immediate Burial options presume we deliver the deceased to the cemetery for burial at the time of our choosing and that there is no viewing or commemorative gathering involved. Adding other service options, such as commemorative services at both the Chapel or Church and Graveside, requires full, non-discounted itemization. This discounted package includes Basic Services of Funeral Director and Staff, Transfer to Mortuary from place of death, Other Preparation (dressing/casketing), and Use of Funeral Coach to local cemetery. Add casket for burial(see casket price list), and outer burial container only if required by cemetery(see outer burial container price list). Federal law prohibits funeral providers from refusing to handle a casket you bought elsewhere, or charging you a fee to do so. You have the right to buy a casket, urn, or other merchandise from an outside source, and the funeral provider must accept it and cannot charge you a fee for using it.
