## Proudly made in Great Britain

Our furniture is handcrafted  
in the heart of England by  
our skilled craftspeople with  
their unrivalled passion and  
understanding of carpentry.

## Beautiful bathroom furniture lovingly crafted

Vanity Hall has been manufacturing exemplary bathroom furniture for over 30 years. From our humble beginnings in 1992, to our purpose designed 60,000 sq. ft office suite and manufacturing site, we have continued to maintain our ethos for handcrafted excellence, thanks to our team of highly skilled local craftspeople, some of whom have been with the business since the very beginning.

Through creative design, development and continued investment in the very latest manufacturing processes, every piece of bathroom furniture is handcrafted to the highest exacting standards.

## Sustainability is at the heart of everything we do

### Made to last

We manufacture our bathroom furniture to last, meaning a longer lifespan, which is better for the environment.

### Responsibly sourced materials

We source our raw materials locally and ensure our timber products are responsibly sourced from well-managed forests and other controlled sources.

### Reducing waste

All our wood offcuts are used on site as fuel to heat our factory and offices, helping to reduce waste.

## The beauty of colour

Few things are more personal than colour. It can be used to reflect your personality, to invoke cherished memories or simply to spark conversation.

If you are struggling to choose a colour finish from one of our many standard options, our bespoke painted service allows you to customise your new bathroom furniture in a colourway of your choice. We can colour match any high street brand, perfect for the most discerning of customers.

## Why choose Vanity Hall?

### Exceptional quality

Every Vanity Hall customer deserves the best... the best quality of products, the best selection of finishes and the best choice of door styles. Unwavering commitment to traditional English cabinet making and joinery remains evident in every piece of furniture we make.

### Made in Great Britain

Traditionally handcrafted in the heart of England, our skilled craftspeople require patience, passion and an unrivalled understanding of carpentry. We're proud to be a British manufacturer and endeavour to support other British suppliers and manufacturers. It's why we champion British craftsmanship at every opportunity.

### Make it your own

With our comprehensive range of units, sizes, finishes and door styles, our furniture can be configured to suit any taste. Choose from a selection of stunning worktop and basin combinations to complement your furniture. And complete the look with handles from our premium handle range.
