## Spike Bed

The spike bed makes it possible to haul big square and round bales in a vertical position with the weight of the bale resting on the bed. This eliminates unneeded stress on the unit's hydraulic system. The spikes can easily be removed and stored under the bed when not in use. Spike plugs keep the holes clean.

### Standard Features Include:

- Heavy duty bumper hitch
- 3 x 2 3/16" wall tubing headache rack with built-in sunshade
- Two weather resistant underbody tool boxes
- Removable side rails
- Choice of Drop-N-Locks or recessed gooseneck hitch
- Choice of 2" steel spikes or heat-treated forged spikes
- Stop, tail, turn and backup lights
- In-cab controlled, 12-volt hydraulic unit

### Optional Features:

- Rear mounted tool boxes
- Drop forks
- Receiver hitch
- Hydraulic outlets
- Engine or PTO hydraulics
- Cross bed tool box
- Stop, tail and turn lights in headache rack
