Q & A

This cube feeder is ideal for portable feeding from trucks, wagons, and other portable means.

It's 1,200 lb.capacity provides plenty of storage for your feeding needs.

The 4" high speed motor auger provides quick and easy feeding and the auger is covered by a flow plate to keep feed moving smoothly.

The heavy-duty motor features a belt drive and all the electrical hookups necessary to allow easy operation from your truck cab.

The feeder spout features a rope pull adjustment so you can change feeding height on the fly.

Designed to mount to a flat bed or wagon, the unit also features a stand for regular pickup truck mounting.

Features our durable, corrosion resistant powder coat finish.

Measures 37" x 31"
