PACKAGING SOLUTIONS

PACKAGING MACHINES

SHRINK WRAPPING

Shrink wrapping machines provide secure packaging using heat-shrink film. Suitable for protecting and bundling products while maintaining product safety and presentation.

FLOW WRAPPING

Flow wrapping solution ensures speed, hygiene, and reliable sealing. Ideal for high-volume production and clean product presentation.

BAND SEALER

Standard band sealer designed for faster and more convenient sealing in daily packaging operations.

PALLET WRAPPING MACHINE

Pallet wrapping machine designed for speed, consistency, and secure load protection.

PACKAGING SOLUTIONS

CONSUMABLES

STRETCH FILM – HAND ROLL

Designed for warehouses and retail, hand stretch wrap supports fast packing and easy movement with reliable load protection.

STRETCH FILM – MACHINE ROLL

Stabilizes mixed or uniform loads for local distribution. Smooth unwind and strong hold reduce breaks and support steady operations.

SHRINK FILM

Shrink film suitable for various product sizes and shapes. Strong seal, durable performance, and efficient material use for safe storage and transport.

RETAIL SOLUTIONS

ELECTRONIC SCALES

DIGITAL SCALE WITH PRINTER

Modern weighing system offering high accuracy and flexibility for various retail applications.

STANDARD DIGITAL SCALE

Standard digital scale for accurate weighing, available with or without display screen.

AI POWERED SMART SCALE

AI-driven retail scale offering accurate weighing and integrated label printing. Designed for efficient, reliable performance in retail applications.

RETAIL SOLUTIONS

MARKING SYSTEMS
