

# **SPIROMIX**

Concrete Mixer

**Teagle**

[www.teaglemachinery.com](http://www.teaglemachinery.com)

# 200H

**SUITABLE FOR:** Agricultural and amenity construction projects

## Unparalleled mixing

**Holds 110 lbs of cement:** with a 6:1 mix of aggregate.

**Effective Mixing:** The deep spirals ensure an efficient and thorough mix.

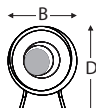

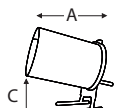

**Simple hydraulic drive:** Double acting spool at 8 g.p.m.

**Easy loading** through the wide mouth of the drum.

**No tipping required:** The drum rotates in one direction for mixing and in the opposite direction for unloading.

Discharge height is adjustable on the three point linkage.

Mix Volume	Weight Laden	Min. Tractor Size
10 ft <sup>3</sup>	Approx 1796 lbs	50 HP

MODEL	Mix Volume	A	B	C	D	Weight (empty)	Linkage	PTO
SPIROMIX 200H	Approx 10 ft <sup>3</sup>	44"	32"	22"	56"	419 lbs	Cat 2	N/A

*The company's policy is one of continuous improvement and development, therefore specifications are subject to change without prior notice.*
