We guide you through various options and offer advice tailored to your family's needs. A basic professional service fee applies whenever we provide services to you.

Coordinating Rites and Ceremonies

We manage all aspects of the rites and ceremonies, before, during, and after the service. This includes contacting cemeteries or crematoriums, scheduling, placing announcements in print and digitally, and liaising with religious or community representatives (if applicable).

Documentation and Administrative Support

We take care of all required documentation, including gathering vital statistics, completing burial or cremation permits, obtaining coroner's certificates when necessary, and providing funeral director proof-of-death certificates for estate purposes. We also provide any other essential forms, such as attendance letters or documentation for out-of-province transfers.

Attendance at Place of Death

We handle the transfer of the deceased from the place of death to the funeral home, available 24 hours a day. Additional charges may apply for transfers beyond a 40 km radius or for transfers occurring between 9 pm and 8 am.

Basic Preparation / Essential Care

This includes the basic care of the deceased, such as bathing, dressing, and placing the deceased into the casket, as well as closing the eyes and mouth for a dignified presentation.

Embalming / Preparation

While embalming is not legally required, it is recommended if you wish for an open casket or if the funeral will occur more than 48 hours after death. Embalming helps preserve the body for both burial and cremation services.

Staff Services for Visitation

Depending on the services chosen, we provide staff and facilities for the visitation, including a room for the gathering and a separate rest area or coffee lounge for guests to use.

Staff Services for Ceremony

On the service day, our funeral director and staff coordinate the ceremony and supervise the visitation or gathering, directing family and guests to ensure a smooth and meaningful experience through the day.

Facilities for Ceremony and Requirements On/Offsite

We offer rooms or chapels equipped with modern technology to create a meaningful ceremony. Offsite ceremonies require greater time and staff involvement due to travel and additional coordination.

Facilities for Preparation/Embalming/Sheltering

We reserve a private, secure space for the deceased, ensuring dignity and safety during preparation.
