## A MESSAGE FROM YOUR EXECUTIVE DIRECTOR

I recently found myself outside, kneeling in the dirt with the best of intentions to “get a jump on spring.” Armed with gloves I wasn’t sure had ever met soap, and a trowel that’s seen better days, I set out to conquer a small patch in my yard’s corner that felt as vast as the Grand Canyon—mostly because the work ahead looked just as intimidating.

This year, I’m trying a new approach with two of my favorite flowers—lavender and poppies. Year after year they start out bright and hopeful—lush green and full of promise—but under my watch, somehow morph into scraggly, sunburnt survivors barely clinging to life. No matter how hard I try, I can’t seem to keep these beauties alive. Past years had me rushing home from the garden center, grabbing the shovel, and excavating holes with the precision of a caffeinated mole. One year, I even mounted window boxes just for the lavender, fully convinced they’d thrive and transform my suburban ranch home into a thatched-roof English cottage. Spoiler alert: that was a lot to ask of a few pieces of wood and some plants. And me. I’d water those delicate little green hopefuls with the enthusiasm of a fire hose and fertilize like I was trying to grow a forest overnight—perhaps drowning and chemically burning them all at once.

Then I stumbled on a video where a woman explained that the secret to lavender isn’t obsessing over the plants after planting but properly preparing the sandy soil before doing so. The next part she demonstrated

carefully. She backed away carefully, turned around and began the last part of caring for her lavender: ignoring the precious petals with pugnacity. So that’s my plan this year: get it done, then do nothing. The second half I’m certain I will execute like a seasoned pro.

That new perspective made the whole process feel a little more manageable—like finally learning that the garden will grow at its own pace regardless, even if I can’t always see it happening.

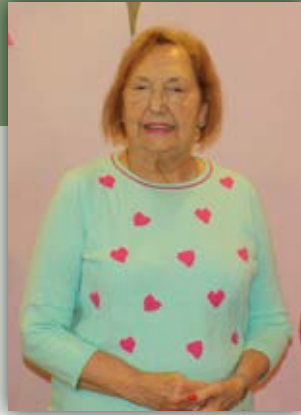

And that’s when it hit me—gardening, much like life, isn’t about perfection or instant success. It’s about showing up, doing what we can, giving our best, and finding joy in the process—even when things get messy or don’t go as planned. Sometimes those messy, imperfect moments teach us that stepping back and letting things unfold without interference is both the most difficult yet most rewarding part of the journey — and that’s beautiful!

You know what else is beautiful? The volunteers who give their time, energy, and heart to this community. It’s Volunteer Appreciation Month, and we want to take a moment to celebrate these everyday heroes who help our garden—our community—thrive.

So, thank you—to every volunteer, every resident, and every family—for being part of this journey with us. We’re all growing together, in all the wonderfully messy ways that make life worth it!

Sincerely,

*Catie Mason*

### MEET LAURA GRACE WILLIAMS FREDERICK: A HEART FOR LEARNING, A SPIRIT FOR ADVENTURE

Laura Grace Williams Frederick was born on January 19, 1938, in Polk County, Georgia, on her grandparents' farm just outside Aragon. As an only child, Laura spent her early years surrounded by fields and the

simple joys of farm life, often in the company of dogs, cats, and all sorts of barnyard animals. With her parents working, it was her grandparents who filled her days with warmth and care, and her animal friends who provided endless companionship.

Laura's early education began at Aragon Elementary School, and she graduated from Rockmart High School in 1956 with honors. Driven by a passion for learning and a love for children, she attended Tift College, earning a Bachelor of Science in Elementary Education. Her commitment to education didn't stop there—Laura went on to the University of Georgia to complete her Master's Degree in Library Media Education.

She began her career in the classroom, teaching fourth grade for two years and fifth grade for three more. Her calling eventually led her to Rockmart High School, where she took on the role of Media Specialist—a position she held with dedication for the rest of her 38-year career in education. Laura retired in 1998, having touched countless lives along the way.

In 1961, at Aragon Baptist Church, Laura married Donald Frederick, Jr. Donald served in the Air Force and Air Force Reserves for about 20 years, dedicating much of his life to service. Though he has since passed and is buried at Georgia Memorial Ceme-

tery near Canton, Georgia, his memory remains a cherished part of Laura's story.

Laura's interests are as varied as her travels. She has always loved reading, planting flowers, sewing, and music. Throughout her life, she had dogs and cats as beloved companions—her last cat before moving to Renaissance was named Abby, who she still misses dearly.

Community service has always been important to Laura. She enjoyed working in the Soup Kitchen at St. Peter's Episcopal Church and later at a community kitchen, sang in the choir at St. Peter's, and found joy in creating floral arrangements for the church altar. Laura is also a proud member and past Regent of the Xavier Chapter of the National Society Daughters of the American Revolution.

Since her retirement, Laura has truly embraced adventure. Her travels have taken her on cruises along the Danube, the Snake and Columbia Rivers, the Mississippi, the Great Lakes, Chesapeake Bay, and north to Canada. She's explored destinations as far-flung as Alaska, Australia, New Zealand, Norway, Sweden, Denmark, St. Petersburg (Russia), and Iceland, as well as many countries across Europe including England, France, Switzerland, Austria, Italy, the Netherlands, and other Mediterranean countries.

Laura has called Rome, Georgia, home since 1978. She joined the Renaissance family nearly a year and a half ago, and we are so glad she did. Her warmth, curiosity, and generous spirit make her a cherished member of our community—and after a life so rich in stories, we're grateful to have her share them with us.

### ABUNDANT LIFE IN JESUS

BY CHAPLAIN DANNY RHODES

As the beauty of April unfolds—flowers blooming, days growing longer, and the warmth of spring returning—we are reminded of the new life we have in Jesus Christ.

Just as the earth awakens from winter, so too does our faith continue to grow and flourish, no matter our age or stage of life.

For senior adults, this season carries a special richness. Life in Jesus is not just about beginnings—it is also about depth, wisdom, and legacy. The years you have walked with the Lord have cultivated a faith that is steady, enduring, and deeply rooted. Psalm 92:14 reminds us, "They will still bear fruit in old age, they will stay fresh and green."

What a powerful promise!

#### A Life That Still Flourishes

In Christ, there is no expiration date on purpose. Your life is still producing fruit—through your prayers, your encouragement, your example, and your presence. The wisdom you carry is a gift to the next generation. Your stories of God's faithfulness are testimonies that inspire and strengthen others.

April is a perfect time to reflect on how God continues to work in and through you. Whether it's mentoring a younger believer, serving in small but meaningful ways, or simply being a steady voice of faith in your family, your impact matters more than you may realize.

#### Living Fully in Every Season

Jesus said in John 10:10, "I have come that they may have life, and have it to the full."

That promise is for every stage of life—including the senior years. Living fully in Jesus doesn't mean slowing down spiritually; it means pressing in deeper. It's a time to enjoy His presence more intimately, to trust Him more completely, and to reflect His love more clearly.

This season can also be one of great joy—free from many of the distractions of earlier years, allowing more time for prayer, Scripture, and meaningful relationships. It is a time to savor the goodness of God.

#### A Legacy That Lives On

One of the greatest callings of senior adulthood is legacy. The faith you live out today becomes the foundation for those who follow behind you. Your children, grandchildren, and even your church family are watching and learning from your steadfast walk with Christ.

Never underestimate the power of a life lived faithfully over time. Your consistency speaks volumes. Your endurance tells a story of God's grace.

#### Encouragement for This Month

As we move through April, take time to:

- Reflect on God's faithfulness in your life
- Share your testimony with someone younger
- Spend intentional time in prayer and the Word
- Look for simple ways to encourage others

You are not finished—you are fruitful. May this season remind you that life in Jesus is always growing, always renewing, and always full of purpose.

Thank you for being a vital and treasured part of our church family.

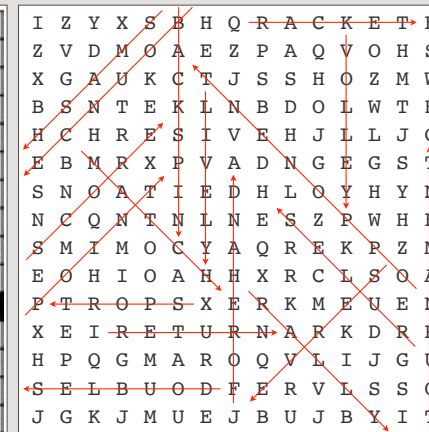

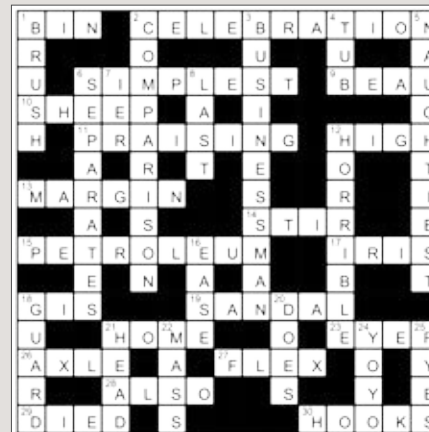

*The best is not behind you—it is still unfolding in Christ.*  
Danny

WHISKERS & WHIMSY: EASTER BUNNY CANDY DISH

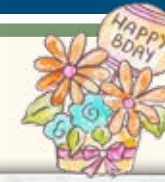

DEEP THINKING

Sherlock Holmes and Dr. Watson go on a camping trip. After a good dinner and a bottle of wine, they retire for the night and go to sleep. Some hours later, Holmes wakes up and nudges his faithful friend. "Watson, look up at the sky and tell me what you see." "I see millions and millions of stars, Holmes," replies Watson. "And what do you deduce from that?" Watson ponders for a minute. "Well, astronomically, it tells me that there are millions of galaxies and potentially billions of planets. Astrologically, I observe that Saturn is in Leo. I deduce that the time is approximately a quarter past three. Methodologically, I suspect that we will have a beautiful day tomorrow. Theologically, I can see that God is all-powerful, and that we are a small and insignificant part of the universe." "But what does it tell you, Holmes?" Holmes is silent for a moment. "Watson, you idiot!" he says, "Someone has stolen our tent!"

### TANEISHA "NENE" MOORE APRIL WINNER

*"If anyone forces you to go one mile, go with them two miles." Matt 5:41*

Taneisha Moore—known to friends, residents, and teammates alike as "NeNe"—was nominated for Going the Extra Mile by Brandy Johnson, who shared:

"The front desk called me and NeNe, stating a resident was stuck in the back building elevator. NeNe immediately took action—she went into the elevator equipment room and, with some quick instruction, reset the elevator. The resident was able to safely exit. Without NeNe's quick thinking, the resident would have had to wait for help to arrive."

(And for anyone wondering, the elevator has since been given a firm talking-to and a professional tune-up. Getting stuck here is rare, but if it ever happens again, we hope NeNe is nearby!)

NeNe has been a Caregiver and Med Tech at Renaissance for an incredible 19 years. She says she enjoys working here for many reasons: "My co-workers are great, and we work as a team. I love greeting the residents every morning." NeNe also shares that working in an aging community has changed her life. "Being in this field has made me

realize that there is a great demand to make sure that the elderly have the support and love from all of us." She finds satisfaction and joy in knowing she's made a positive difference in someone's life.

Born in Atlanta and raised in Rome, Georgia, NeNe graduated from Rome High School. She is the proud mom of two children: her son, Jamarius, who is 18, and her daughter, Destiny, who is 10. NeNe is currently attending Georgia Highlands College, where she's pursuing an Associate of Arts degree with a specialty in Social Work in Oncology.

Outside of work and school, NeNe enjoys listening to music, shopping, and going on adventures with her children. One of her favorite childhood memories is a trip to Washington, D.C., in sixth grade—a special experience offered to students who served as crossing guards at her school. Her favorite vacation was traveling to Cancun, Mexico, with her family. When it comes to role models, NeNe says there isn't a single person she looks up to most, but she's inspired by anyone who encourages others with a positive attitude and who shows love and compassion.

"My life's passion is to continue to grow in my profession and help others," NeNe shares.

NeNe always puts resident care first, and we are so grateful to have her as a valued part of the Renaissance team!

### NATIONAL VOLUNTEER APPRECIATION WEEK

April 19-25, 2026

With heartfelt gratitude, we honor our dedicated volunteers, whose steadfast commitment and familiar smiles brighten our community week after week. We also thank all those who give their time—whether often or just once—each act of kindness helps make this a better place for everyone.

*"The best way to find yourself is to lose yourself in the service of others."*

— Mahatma Gandhi

Gardening is cheaper than therapy  
— plus you get food (or flowers)!

### SHINE A LIGHT ON OUTSTANDING CARE: NOMINATE A TEAM MEMBER TODAY!

At The Harbor at Renaissance Marquis, going the extra mile means more than meeting expectations—it's about kindness, care, and making our community shine. Inspired by Matthew 5:41, our Going the Extra Mile Award celebrates team members who give a little more, brighten someone's day, or simply make The Harbor better by being themselves.

If you've noticed someone who stands out, whether through a small act of kindness or by always offering a helping hand, we'd love to hear about it. **Nomination forms are in the front lobby—just fill one out and drop it in the box.**

Help us honor those who walk that second mile with us every day.

CRAFT CORNER: BUNNY EAR CANDY DISH HOPPING BY FOR EASTER

Curiosity Corner 

FUN FACT

Did you know the Easter Bunny tradition began in Germany? In the 1700s, German immigrants brought the story of an egg-laying hare called "Osterhase." According to the legend, children would make nests for the bunny to leave colorful eggs in if they had been good. When these families settled in America, the tradition grew and eventually turned into the Easter baskets and egg hunts many people enjoy today.

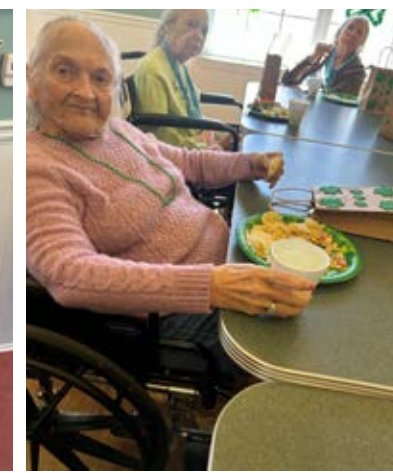

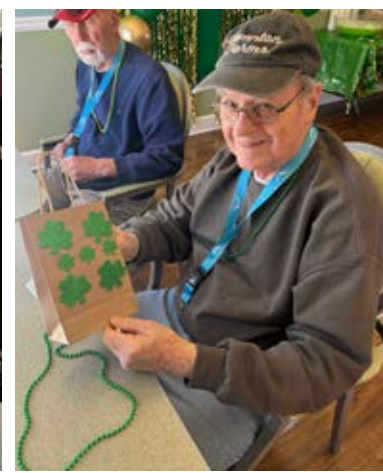

Today, over 90 million chocolate bunnies are made each year for Easter, making it one of the sweetest holiday traditions around!

FOOD FOR THOUGHT

April is a wonderful time to celebrate fresh flavors and the start of spring. As the weather begins to warm, many fruits and vegetables start coming back into season. Foods like strawberries, asparagus, peas, and leafy greens begin appearing more often in markets and kitchens this time of year.

Did you know that asparagus can grow up to 10 inches in a single day under the right conditions? No wonder it's one of the first vegetables to appear in spring gardens!

Spring foods remind us that each season brings something new to the table. It's the perfect time to enjoy lighter meals, try a new recipe, or simply appreciate the fresh flavors that come with the changing season.
