

JELLY ROLL OPTION

If you have a Jelly Roll on hand, you are pretty much set!

Augment your Jelly Roll with a SNACK PACK from ADT:

- Ten, 2.5 by 21-inch strips (five light/ five dark)

Organize it in a way that makes sense to you:

- Light and dark
- Color

Know that you will also need (DO NOT CUT YET):

- Four strips WOF (I am not sure of the width of each strip yet):
 1. All the same color
 2. All the same color but different fabric
 3. Two of one color, two of another
 4. You can cut these from the jelly roll

And a word on notions you may not usually bring to class:

- Thread of any color (great time to use up bobbins)
- Small iron and pressing mat
- If you have one of those TV table pressing stations, bring it
- Sharp fabric scissors
- One small string handled bags from ADT for scrap waste
