Dedicated to **Daniel Watkins**

The Henry County Fair Board is proud to dedicate the 2026 Fair Book to an individual that has been involved in and supports the Fair with his expertise. This year we honor Daniel Watkins.

Daniel was born in Paris, Tennessee. His parents are Deneicia and (the late) Larry Gregson of Paris and Donald and Virginia Watkins of McKenzie.

Daniel graduated from Henry County High School in 2002, participating in the Marching Patriot Band, Thespians and Speech Team, and the HCHS Madrigals. He attended Middle Tennessee State University graduating in 2007 with a Bachelor of Science in Recording Industry Management Production and Technology. He later attended Murray State University graduating in 2018 with a Master of Science in Telecommunications Management.

As a youngster Daniel participated in numerous kid activities and exhibits at the fair, then in high school he participated in the Jr. Livestock Market Steer show. Since that time he has worked in the Fair Office and now he serves the Fair as our Information Technology expert. He installs computer equipment, printers, new cables throughout the buildings, installing access points and trouble shoots any problems.

In 2026 he volunteered his time installing cabling and access points to allow the Fair to have internet in the livestock barns, concession stand and the announcer's stand. He also installed bridge equipment to allow us to move to Fiber internet for faster speeds and cost savings for our organization.

Daniel is employed at Carey Counseling Center as the Information Technology Administrator. He has been with Carey since 2012.

The Henry County Fair is glad to have Daniel Watkins on board as a supporter and proud to dedicate the book to him.

*The Fair Board is proud to dedicate the
2026 Fair Book to Daniel Watkins.*

TRIBUTE TO WOMEN IN AGRICULTURE

The U.S. introduced a resolution at THE UNITED NATIONS declaring 2026 as the International Year of the Woman Farmer with 123 countries serving as co-sponsors. The Year spotlights the essential roles women play across agrifood systems, from production to trade, while often going unrecognized.

Women farmers are central to food security, nutrition and economic resilience.

Women's work in agriculture is essential—but it also comes with real risks. From long days of physically demanding labor, to exposure to pesticides, dust, and diseases, women farmers navigate a range of occupational hazards. Many also carry the added responsibility of caregiving. Even the tools and equipment they rely on are not always designed with their bodies in mind.

Did you know that women are responsible for roughly half of the world's food production? The United Nations' designation of 2026 as the International Year of the Woman Farmer gives the global community a chance to highlight that fact and celebrate the incredibly important role women play in ensuring global food security.

We're deeply grateful for the hard work women farmers do day in and day out to feed our nation and our world. We encourage everyone to join our efforts to elevate and empower women in agriculture worldwide.

GENERAL RULES OF THE HENRY COUNTY FAIR

1. Everything possible will be done to prevent accidents; however, if any should occur, neither the Henry County Fair Association, nor the members of the board of directors of the Fair Association, nor University of Tennessee Extensive Service personnel, nor other person, nor any organization connected with the show assume any liability, either legal or otherwise, to persons or property.

5. All products and livestock must be entered and removed as indicated in each department.

5. Exhibitors must be certified for the Tennessee Youth Quality Assurance.
6. 1st and 2nd year Exhibitors must attend spring workshop.
7. All Exhibitors must attend all required meetings. Failure to attend required meetings may result in disqualification to participate in Livestock Show and Auction.

3. To enter the Woolie Revue, please obtain an entry form from the Enoch Building, complete it, and return it to the same location by 4:00 p.m. on Thursday, August 27.

COUNTRY HAM EDUCATIONAL PROJECT AND AUCTION

AUCTION - SATURDAY, August 29th - 1:00 P.M.

Bobby Milam, Chairman

RULES

1. A contract must be completed and signed.
2. A \$100.00 fee is required from participants. Fees will be used to purchase two USDA approved hams from a packing house at market price (approx. \$35.00). The remaining fees will be used for prizes issued at the Henry County Fair.
3. Clifty Farm, in cooperation with Fair Board members, U.T. Extension 4-H agents will teach you how to cure your two country hams at your meetings. There will be a lot of hands-on experience gained by all participants. One ham will be entered in the Henry County Fair Ham Contest. Participants will get to keep the other ham. The Ham Awards will be presented to the Champion and Reserve Champion ham in three divisions: Junior, Junior High and Senior High. A Grand Champion Ham will be chosen from the division champions. Scoring will combine the scores from the ham contest, speech contest, and record book. Each participant's contest ham will be sold at auction at the Fair. Participants will keep the auction dollars raised at the fair.
4. Participants may cure their hams at the Clifty Farm Ham House, or they may home cure their hams.
5. Participants must attend 3 of 5 planned meetings.
6. Participants must present a three to five minute speech.
7. A Country Ham processing record book must be submitted at the speech contest.
8. Meetings will be held at the Clifty Farm Ham House at 1500 Highway 641 South.
9. This program is open to 4-H and FFA members who do not have an animal in the livestock projects (steers, lambs, hogs, goats) at the fair.
10. Participants who fail to complete all provisions of this project will forfeit both hams and the entry fees.
