

January 2026

Jam Pack January

Psa 111:2 The works of the LORD *are* great, sought out of all them that have pleasure therein.

Dear friends and co-laborers:

January has proven to be a very busy and exciting month as we watch God work to remodel another one of his church buildings.

We started out returning from a wonderful holiday trip back home where we were blessed too spend time with our family and friends.

It is always such a wonderful joy to get to see the grandkids, they're growing so fast. It's hard to keep up with them. Trish, however, was not able to return with me; as we spent time with her parents over the holidays, it became very apparent that they needed more care than they were receiving. Her father's Parkinson's is progressing quickly, and her mother just doesn't have the strength to take care of him full-time as she too, has her own medical problems. So for the time we've decided that Trish would live with her folks, and see to their day with needs. It was not an easy decision as it splits our family. I being on the road and her at home makes it very difficult for her. But God has blessed greatly, as during this time she was able to arrange with other family members to remodel the bathroom and install a walk-in shower to assist in the difficulties of this time in their lives. It turned out to be a good family bonding project for her to work with her siblings and her mother, Praise the Lord for his Goodness! Please continue to pray for her strength and patience, and for her father, as he suffered about a double pneumonia during this time as well, and spent several days in the hospital, it has been decided to begin the process of bringing in hospice care for him. But our God is good! And he knows all of our problems and cares for all our needs!

I on the other hand, returned to Twin Oaks Baptist Tabernacle in Thomaston, Georgia, where we were able to continue the remodel work on the bathrooms in the fellowship hall and the replacement of many of the light fixtures throughout the building. The church here had suffered a good deal of rain damage from a bad roof. They were able to replace the roof but much of the damages remained. This required a good deal of sheet rock repair and painting throughout the fellowship hall and the Sunday school rooms. Thankfully God had a team of NTCP workers ready. With the help of Karl Badalian, and Steve Worral, and their hard-working wives we were able to wrap up this project and move on at the end of the month to Bible Baptist in Vidalia, Georgia with Pastor Rick Davis. My Wife and I were here for several months last year doing repair work from flood damage. We have returned to finish up that work, we will spend the first couple of weeks of February here and then move down into Florida to help with churches there.

Please continue to pray for our safety while we work and travel, and wisdom for the work we do. Please keep My Wife and I in your prayers, especially as we're separated, and if you think about it, our dog lilly as she too, is feeling the separation!

P.S. **Pro 18:22** *Whoso* findeth a wife findeth a good *thing*, and obtaineth favour of the LORD.

Prayer Requests

Comfort for Father-in-Law

Safety at work

Wife's health and care
