

The Citadel Round™ is a combination of the Citadel Enclosures' best features in a smaller, round unit for tight, low bay areas that need LED light. Latches are replaced with SLP's PinSert System giving it a super sleek and clean look.

Features & Benefits

- Compact Size: Nominal 18" round, 6" tall
- Designed for complete compatibility with LEDs
- PinSert System (patent pending) with a poured-in-place gasket
- No bulky latches
- Familiar Economical Mounting Options
 - SLP Hook
 - Pendant
 - J-Box Housing (CTR-HV5-18-PIP-JB)
 - Grippler Cable
- Separate driver and LED board mounting surfaces
- Flat, round LED reflector tray
- Board retention clips quickly snap the boards into place
 - Scratch proof and conductivity inhibitor coating on clips
- IK10 rated diffusers resist breakage and reduce replacement costs
 - Water Clear
 - Frosted
- Utilizes SLP Hubs ½" and ¾" NPT fitting

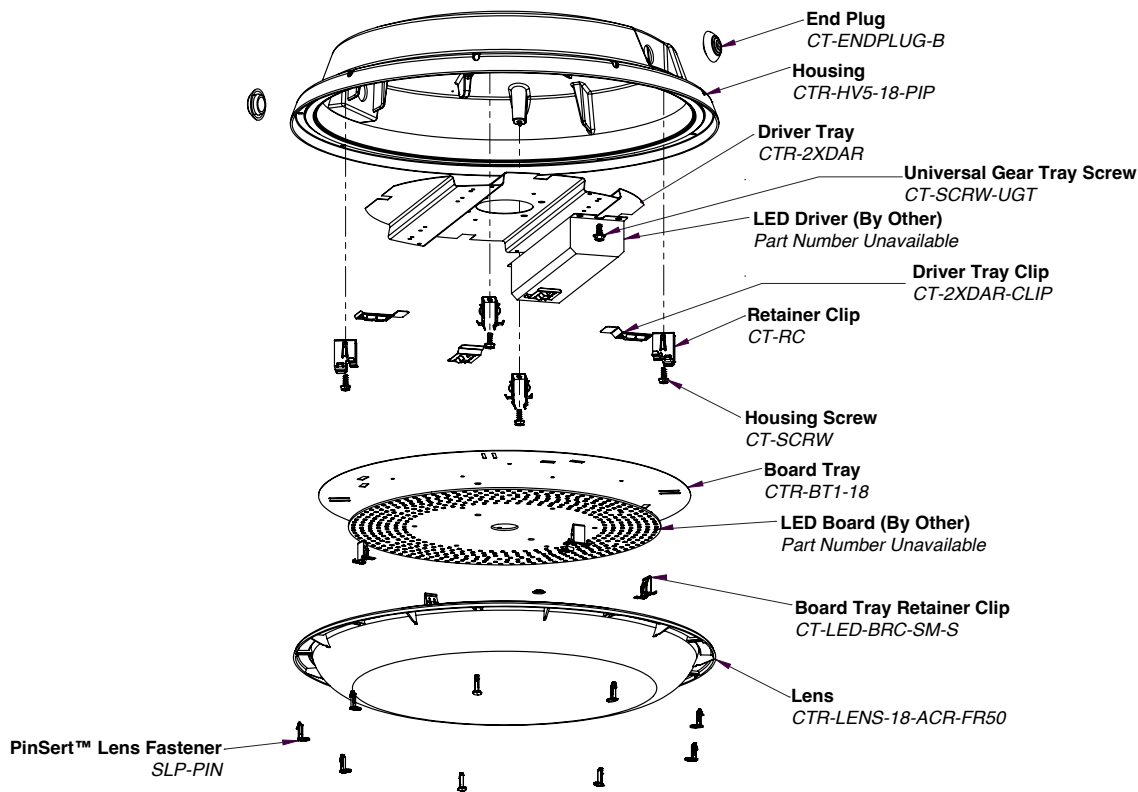

Applications

- Low bay areas requiring a smaller LED enclosure
- Replacement for existing round installations
- Ideal for both industrial and architectural environments
- Parking garages
- Food processing

Certifications

- UL wet location
- UL evaluated for 25°C and 40°C
- NSF
- IP65, IP66, IP67, IP69
- RoHS
- SLP Guardian Seal™
- PSI 1500
