Mended Hearts members seek to inspire, comfort and support heart patients and their families and people at risk of heart disease. Since March 2011, our central Ohio Chapter has grown to over 250 members and made over 7,000 heart patient visits at the Ross and University Hospital East. Mended Hearts is about connecting and sharing heart success stories to comfort others, staying healthy long-term, making new "heart friends", and being educated on various heart issues.
