DEDICATED MAINTENANCE

Expert Vehicle Maintenance Keeps You Moving

Is your fleet uptime meeting your customers' expectations?

Idealease understands that your primary business goal is to serve your customers. They depend on you to be timely and reliable. An Idealease Dedicated Maintenance Program, tailored to your unique needs, will enhance the reliability of your owned equipment, enabling you to deliver on your customer promise!

OUR DEDICATED MAINTENANCE PROGRAM INCLUDES:

PRIORITY SERVICE

Idealease Priority Service ensures that your vehicles receive timely maintenance. Our dedicated service facilities, bays, and technicians mean no waiting in line—you will experience VIP treatment at over 430 Idealease locations throughout North America.

PREVENTIVE MAINTENANCE

Idealease tracks preventive maintenance intervals and reminds you and your drivers when vehicles are due for service. PMs are scheduled around your business hours, often during off-hours and/or on-site, reducing vehicle downtime. This increases uptime and your value to your customers.

PREDICTABLE MAINTENANCE

Idealease Dedicated Maintenance includes all predictable truck maintenance, such as tire and brake replacements, daily driver write-ups, and over-the-road breakdowns. We negotiate preferred pricing with our suppliers and pass those savings on to you, ensuring the highest quality maintenance at the lowest possible cost.

FIXED MONTHLY COST

All preventive and predictable maintenance costs are consolidated into one consistent monthly payment, simplifying your budgeting process and allowing you to focus on revenue-producing opportunities.

STATE AND FEDERAL INSPECTIONS

Complying with state and federal inspections is challenging. To ensure compliance and avoid fines and audits, Idealease includes all required state and federal vehicle inspections in your maintenance schedule.
