

# *340B IMPACT Statement*

*for Fiscal Year Ending June 30, 2023*

**Clarinda, Iowa**

## **340B in Action:**

The 340B prescription drug program is a vital lifeline for safety-net providers, supporting vital health services in our communities. The program is narrowly tailored to reach only hospitals that provide a high level of services to low-income individuals or that serve isolated rural communities. Significantly more 340B hospitals provide money-losing vital health services than non-340B hospitals, which include trauma centers, labor and delivery services, HIV-AIDS services, and immunizations.

## **CRHC 340B Story:**

CRHC is a 25 Bed, Municipal, Critical Access Hospital

CRHC consists of multiple Clinics:
