

340B IMPACT STATEMENT

For Fiscal Year Ending June 30, 2026 | Clarinda, Iowa

340 B IN ACTION

The 340B prescription drug program is a vital lifeline for safety-net providers, supporting vital health services in our communities. The program is narrowly tailored to reach only hospitals that provide a high level of services to low-income individuals or that serve isolated rural communities. Significantly more 340B hospitals provide money-losing vital health services than non-340B hospitals, which include trauma centers, labor and delivery services, HIV-AIDS services, and immunizations

HOW CRHC APPLIES OUR 340B SAVINGS

- Uncompensated & Charity Care
- Support much-needed yet underfunded programs such as:
 - Emergency Medical Services (EMS)
 - Diabetes Management
 - Pediatric Programs
 - Mental Health Services
- Maintain a Level III Trauma Center
- Expand Primary Care Services, Mental Health Programs and Population Health
- Serve all patients regardless of ability to pay

CRHC 340B STORY
