#### Salamanca Markets & MONA

Let's begin with a morning at the famous Salamanca Markets only a 5 minute stroll from your hotel. Wander the rows of market stalls displaying woodwork, arts & craft, fresh produce, coffee, wine, cooked foods and more. This is Tasmania's most famous market and operates every Saturday for the entire year. Salamanca also has a fantastic collection of convict built sandstone buildings connected by narrow laneways, staircases and interesting little spaces. In addition to the markets Salamanca area has fantastic art galleries, cafes and retail stores.

After wandering through the markets we will wander over to Brooke Street Pier where we meet again in the afternoon to cruise out to Monna Museum.

**MONA Museum** The Museum of Old & New Art has become one of Tasmania's premier attractions over the last 10 years and is a real cultural adventure.

The MONA ferry will transport you via a comfortable and scenic 25 minute fast boat cruise up the Derwent River to the museum. There is some fantastic viewing of Hobart and the harbour area along the ferry journey. At MONA you will encounter one of the most unique and fascinating buildings in Australia. The MONA complex features beautiful vineyards, 2 restaurants, a hotel and lovely garden areas adorned with sculptures aboveground. The majority of the gallery however is actually below the surface - excavated into the sandstone rock. As you wander the quirky tunnels and pathways of the museum you can spot many areas of exposed sandstone suggesting you are underground. It is certainly one of the unique cultural experiences in Tasmania.
