

LOAD LIMIT PERMIT

The Hocking County Commissioners under the authority of Chapter 5577 of the Ohio Revised Code, hereby grant permission to:

to exceed the February 01, 2025 to April 30, 2025, 50% legal load reductions contained in their January 13, 2025 resolution, but not to exceed the load limits specified in Section 5577.07 of the Ohio Revised Code. This permit may be terminated at any time by the Hocking County Commissioners. This reduction period may be extended upon the recommendation of the Hocking County Engineer, if the weather warrants.

Damages are to be agreed upon by the Grantee and the County Engineer before repair in all but situations where the safety of the general public is threatened. The Grantee is only responsible for that portion of the damage attributable to him.

NOTE: Permission to exceed posted weight limits will be determined on a case by case and day by day basis. Weather and road conditions will be the determining factor.

Contractors and /or subcontractors must be in constant contact with the County Engineer and must contact the Engineer's Office daily before using the permitted road.
