Excited to go on a Journey through North Central North Dakota seeking a treasure or two? What's the best part of the Journey you ask? Memories! Yes, the memories! Let it be the road trip conversations, the unique pieces you find along the way or the people you meet at each stop. We've included both businesses and pop up shops as well as the occasional rummage or yard sale. If your organization wants to set up a fundraiser along the trail, that's fine as well. We will have indoor space available for rent on Main Street Granville.

The **\$50** registration fee includes: marking your stop on our Junk Journey Map that is mailed, emailed and posted for all shoppers to see to your location along with advertising on our social media and radio. One week prior to sale, a map will be emailed to you to share with family and friends. Having more than one vendor set up at your address? enclose **\$50 per vendor**. This way your address will have all vendors flagged on our map and gives each vendor fair advertising along with letting shoppers know you have multiple vendors at your stop.
