

INTERSTATE MOVING

Partial Home & Small Moves

INDEPENDENT, MULTI- LOCATION MOVERS

Look for a reputable mover that isn't an agent for a big, national van line. They often have more options than an agent would.

CONSIDER FREIGHT OPTIONS

Consider alternate shipping options like a service called Crate & Freight that can be very cost effective for small moves

BE FLEXIBLE IN SCHEDULING

Move in off season, if you can. Otherwise- be as flexible as your situation allows, it'll be worth it!

PLAN AHEAD

Begin working with a mover 2 months in advance of when you NEED to have the items moved by. Oftentimes last minute accommodations aren't planned as well or may cost more.
