out this **FORM** by June 9th as space is limited.

**Join us to tour the new home and congratulate our
newest Family Partners. Light refreshments to follow.**

RSVP

Celebrating 40 Years | From Our Supporters

South Shore Habitat celebrated its 40th anniversary on January 6, 2026 and throughout the year will be recognizing our history, with words from those who have contributed to the organization.

May 2026 - June Cruz, Grant Manager, South Shore Habitat for Humanity

June Cruz has been involved with South Shore Habitat for six years. She started with South Shore Habitat as a volunteer to help with social media. During her time as volunteer social media manager she enjoyed sharing stories from build days to family partners to our generous donors and volunteers. After this, she started on the staff as a grant writer, then transitioned to her current role as grant manager. As grant manager, she leads the charge in securing funding not only for our home construction which helps families in need of housing, but also for our Critical Home Repair Program, which helps seniors homeowners with critical home repairs and modifications.

What is your hope for the future of South Shore Habitat?

"My hope for South Shore Habitat is that it continues for another 40 years pursuing its mission of providing safe and affordable housing to families in need."

June was kind enough to answer a few questions from South Shore Habitat. Read more of her comments at the link below; look for **Celebrating 40: 1986-2026**.

Now's the time to get your team on site to help build the Easton home! When your corporation or group sponsors a South Shore Habitat Build Day, you offer your team a unique, hands-on opportunity to build affordable housing for hardworking families in need.

We welcome groups of all kinds, including businesses, schools, faith groups, and community organizations. Building skills are not required. Our construction team is ready to teach you all you need to know!
