Guest Speaker

Buz Artiano
Owner, BuildX

Buz combines over 40 years of experience with a lifelong dedication to quality craftsmanship, innovation, and integrity. Having completed more than $450 million in residential construction projects, he developed the BuildX Proven Process for Success to simplify construction and deliver exceptional results.

As an active member of the Kingston Conservation Commission, he promotes sustainable building practices and responsible community development. Buz has fully embraced the Accessory Dwelling Unit (ADU) movement and is a strong advocate for reuniting families through innovative ADU housing solutions.

Celebrating 40 Years

November 2026 - Frank Kelly, Board Member, South Shore Habitat for Humanity

“I’ve been a board member for 2 years. I’ve really enjoyed the diversity of the extended group of volunteers who come together to procure the land, design, and build the homes that end up the forever home for so many well deserving families. The level of commitment by so many, both time and talent has been great to watch and be part of.

One of my favorite memories was at our last annual meeting when a group of well deserving volunteers who work so closely with Sheri on multiple homes were recognized and awarded for there commitment to our organization. Great people doing great things!”
