

Welcome Home Erin!

Congratulations to new homeowner Erin, who closed on 808 Jerusalem Road on June 30th! South Shore Habitat is proud to welcome Erin and her son to their new home.

Construction continues on the duplex and we expect to welcome an additional family in late summer, 2025.

A warm thank you to all of our sponsors, donors, and volunteers who continue to bring Jerusalem Road to fruition.

Golfing FORE Habitat

Registration is officially open! Golfing FORE Habitat is a wonderful way to bond with colleagues, families, and friends while helping South Shore Habitat for Humanity to build strength, stability, and self reliance through shelter. Marshfield Country Club is an 18 Hole Par 70 private facility which offers golf the way it's meant to be played.

Let us offer you a full day of fun and activity to benefit South Shore Habitat for Humanity's mission of building strength, stability, and self-reliance through shelter. Your participation in this event will provide funding to help South Shore Habitat build more homes in partnership with hard working families in need of affordable housing and provide critical home repairs for seniors and veterans, so they can remain in their home with safety and dignity.

New Hire: Natalie Campanella

We welcome Natalie Campanella to South Shore Habitat for Humanity as our new Community Engagement Coordinator. Natalie began her experience with Habitat for Humanity as a volunteer, completing her year long AmeriCorps service term with Habitat for Humanity of Metro Denver. More recently, Natalie has worked as an Assistant Site Supervisor at Habitat for Humanity of Greater Boston, where she was primarily responsible for the coordination of site volunteers and the build day experience.

In addition to her familiarity with Habitat as an organization, Natalie also served as Vice President and Secretary of the Inter-class council at Roger Williams University, planning and executing collegiate events and fundraisers, including communications, website, and social media management - all skills she will put to great use at South Shore Habitat. Natalie holds a B.S. from Roger Williams University in Architecture, with a minor in sustainability studies and photography/digital media. Welcome, Natalie!
