## Help Create a Barrier-Free Home for Willow

As her family gets ready to move into their new home, we are looking towards the generosity of our community to ensure that we can provide the necessary accommodations to keep Willow safe and healthy as she grows.

Willow is a 3 year girl, born a twin at 37.2 weeks old. In utero, Willow was diagnosed with a rare brain malformation causing her to have hydrocephalus (fluid on the brain). Once she was born, it was determined that she also had multiple genetic disorders, including Waardenburg type 2 and Fox P1, which have caused many challenges like profound deafness in both ears, developmental delays, and organ development abnormalities. Willow has endured multiple surgeries since birth, with more planned for the next couple of years.

She is a strong and determined little girl. However, she struggles with sitting, standing and walking independently. Supportive seating, standers and adaptive equipment are things she depends on tremendously to help her to access the world. As she grows, getting up and down stairs by carrying her will come with challenge.

Together, we can ensure that Willow and her family can live comfortably in their home for years to come! By installing a stairlift and building in other modifications for the home, we can give Willow and her family independence, safety, and dignity in their own home.

Right now, your gift will go even further. Thanks to a generous Board Member, the **first \$1,000 in donations will be matched dollar-for-dollar**. That means that your \$50 becomes \$100, \$100 becomes \$200, and so forth - doubling your impact for this family.

Your generosity doesn't just build homes - it builds hope, independence, and opportunity. Thank you for helping us remove barriers for Willow and her family.

### Golfing FORE Habitat

There is still room for more golfers to join us at our annual tournament on Monday **October 6th, 2025** at **Marshfield Country Club**! This is a great opportunity to bond with colleagues, families, and friends while helping support South Shore Habitat for Humanity's mission.

Your participation in this event will provide funding to help South Shore Habitat serve more families!

### Volunteer at a Build Site

Did you know it takes over 500 volunteers to build a home? We are always looking for volunteers to join us at our build sites for a fun, rewarding day doing important work.

We have just a few weeks left as we finish our build in Cohasset. Building will resume in North Easton in September. Registration open for both sites through the fall now.
