WHY OUTSOURCE TO THE PHILIPPINES?

YOUR ADVANTAGES

FAMILIARITY TO WESTERN CULTURE

Strong familiarity with Western culture has been strongly implemented in the Philippine system which helps them quickly adapt to the demands of employers from the Western countries.

TIME DIFFERENCE ADVANTAGE

Outsourcing to the Philippines provides companies 24/7 service and faster turnover of deliverables because of the time difference advantages.

ACCESS TO EDUCATED WORKFORCE

The Philippine workforce is comprised of highly skilled, well-educated professionals who speak fluent English. The calibre of staffing is noticed in the excellent results they deliver.

GOVERNMENT INCENTIVES

The Philippine government strongly supports the growth and success of the BPO industry, making it one of the major economic contributors in the country.

COMPETITIVE LABOR COSTS

Compared to other countries in Asia, the Philippines has the most cost-effective skilled workforce. We offer significant savings for clients in our primary areas of service: USA, UK, REPUBLIC OF IRELAND, AUSTRALIA, NEW ZEALAND AND THE MIDDLE EAST.

STRONG WORK ETHIC

Filipino contractors will go beyond expected results and their integrity and dedication to their work greatly shows a commendable work ethic.

Advantages of Outsourcing Estimating

Construction Cost Estimates and Take-offs

We are very pleased to be able to provide construction take-off quantities using Planswift and Cost Estimates using RS Means Data.

We can provide the following types of estimates:

1. Preliminary Estimates
2. Detailed Estimates
3. Quantity Estimates
4. Bid Estimates

Benefits of Outsourcing your Construction Cost Estimates and Take-offs.

More Project Opportunities

More projects can be bid in a short timeframe to increase bid win ratio.

Scalability

Means no need to hire additional staff to accommodate fluctuations in market bids. Reduce overheads will increase profitability.

Focus on your company

Enabling your estimating team to work more efficiently and focus more on other priority of the company.

Why outsource Construction Cost Estimation to us?

- Accurate Estimates
- More Bids, More Business
- We can support your estimating cost savings
- On-Time Estimates With Backup Calculations

Types of Outsourcing Pricing Models

**ADDMORE SERVICES**

Think Outside the Box and OutSource

We have four pricing models

HOURLY RATES

Hourly rates are straight billed hours at pre agreed rates

PER PROJECT PER OUTPUT

Per Project is for a complete job such as shop drawings for a joinery package for hotel. Guest room types Per Output is per room type or per drawing a defined measured deliverable part of a project.

OFFSHORE STAFF LEASING

Offshore staff leasing is the selection of a team from within our resources dedicated to your project until completion on pre agreed monthly rates (minimum 3 months agreement required to avail of these competitive rates). Great to scale up for a big project without increasing your fixed overheads

MANAGED OFFSHORE STAFF OUTSOURCING

Managed Offshore staff outsourcing is our recruitment selection but your approval of a dedicated team to form an offshore studio for your company is directed and controlled by your Project Manager (minimum 12 months agreement required to avail of our most competitive pricing model).

Great to build up a claims team for a project , AutoCAD team , estimating team at up to 65 % savings from your domestic costings.

We provide our services in the **USA, Australia , UK, Republic of Ireland and the Middle East.**

We offer a **huge advantage for deliverables** with the time zone advantages of working in the USA and the Philippines.
