XII. Direct Cremation (\$2,695 - \$3,890)

This charge (without funeral ceremony or facilities for viewing) includes professional services of funeral director and staff (or a portion thereof), and transfer of remains to funeral home. While this charge does include our crematory charge (\$425), it does not include the medical examiner fee required by Virginia statute (\$100). Use of crematory other than John M. Oakey & Son will result in transfer of remains to crematory charge of \$250 (see section VI). *State and local laws do not require a casket for direct cremation.*

If you want to arrange a direct cremation, you can use an alternative container. Alternative containers encase the body and can be made of materials like fiberboard or composition materials (with or without an outside covering). The containers we provide are wood composite and cardboard. Virginia law requires the crematory receive the body in at least an alternative container.
