Laptops are required for 5th and 6th Grade Students.

Students in 5th and 6th grade are required to have a laptop for school. A Chromebook or a computer with a Windows-based operating system will work.

Please keep in mind that students may carry their computers throughout the school day, and accidents can happen. We recommend choosing a reliable, affordable device rather than purchasing a top-of-the-line computer for daily school use. It is also unlikely that this device will last throughout high school.
