Our Mission

Atlantic Center for Independent Living, Inc. is a center that assists individuals with disabilities to live and work as independently as possible.

Our core services include:

Information & Referral

Information about & referrals to services and organizations that can help you achieve your independence.

Advocacy

Staff assist individuals with personal issues to advocate for what they need. Systems advocacy identifies issues that affect others within the community and develop strategies to bring about systems change.

Peer Support

We believe that individuals experiencing the same issues (peers) are in the best position to support one another dealing with similar experiences.

Life Skills Training

Services are designed to assist you in gaining the skills necessary to live independently in your community.

Transition Services

Youth: Our youth services provide support and guidance to students transitioning from school to adult life with a strong emphasis on employment.
Seniors: Atlantic staff can assist seniors living with disabilities to ensure they are receiving benefits and services designed to ensure the greatest independence possible with the goal of remaining within their communities.

Creative Aging Series

The Tuckerton Seaport will focus its learning experiences on bringing folk art of the Jersey Shore region to senior citizens at the Noyes Arts Garage of Stockton University, once a month from March through December. Participants will engage in traditional folk-arts based programming that will encompass the following forms: Basketry, Fiber Arts, Folk-Singing, Blacksmithing, Quilting, Decoy Carving, Paper-Lighthouses, Foodways, Lenape doll-making, and African-American music and its influence.

The learning goals from each of these unique workshops are to connect folk artists with the senior community to create intercultural understanding and knowledge of folk art in an effort to build a stronger community connection, and foster creative expression.

Registration is not required.

Our Stories

Anthony Lanzilotti believes there is nothing he can't do and has dedicated his life to encouraging others to believe in their own abilities. He was born blind with a congenital defect where he has one finger on each hand and one toe on each foot. "I've adapted to it." Anthony is adventurous and loves to travel. He often gets asked, how are you going to do that? His response is always, "Let me show you." In fact he's traveled to all 50 United States, to Canada, and Holland.

Photo: Anthony Lanzilotti

Photo: One of Anthony 's favorite cars,
Bugatti Veyron

Anthony thanks his parents and Grandfather for being encouraging and allowing him to explore and achieve his goals. They did not limit what Anthony could do. Not to say there weren't setbacks, but he learned to navigate life by dusting himself off and keep going.

Anthony explained, his Dad who worked a lot to keep up with his medical bills, always made time for Anthony, that's where he got his love for cars. "I can't drive them but I love the sound, the speed, and the smell, there's nothing like the smell of a new car."

Anthony serves the community through a number of organizations. He is the Vice President of the South Jersey Shore Chapter of the National Federation of the Blind. He serves on the Boards of NJSILC, the Atlantic County Disability Advisory Council, and Atlantic Center for Independent Living. Anthony's advice to anyone living with a disability is, "don't get discouraged, whatever your goal is, there is always a way, and we are all here to help each other."

"The reason I volunteer as a CIL Board Trustee is I believe in the mission and want to improve the CIL for all disabled people and residents of Atlantic County. As a totally Blind aspiring Law Student, I can personally vouch for the good work provided on behalf of the CIL. During the pandemic, while on lockdown, my computer with assisted technology died, fortunately through the Cares Act, the CIL approved using some of those funds to help reconnect me with a new computer with JAWS screen reading software along with other assistive technology. Volunteering on the Board of Trustees, is my way saying thank you and giving back."

RELATED SERVICES & EXTENDED SCHOOL YEAR SERVICES

Monday, April 29, 2024
6:30pm on Zoom

Join us for an information presentation with Attorneys at Hinkle, Prior & Fischer, P.C., who have over 70 years of combined experience providing specialized legal services to families of children and adults with a wide range of disabilities, and seniors. They have argued many of the precedent setting cases affecting individuals with disabilities in New Jersey and Pennsylvania.

This session will explore the means by which eligibility for Extended School Year services is required, as well as the law surrounding the provision of such services. Emphasis will also be placed on promoting continuity and generalization of skills across settings and throughout the year.

PREPARING TO TRANSITION FROM SCHOOL AND GRADUATION CONSIDERATIONS

Monday, May 13, 2024
6:30pm on Zoom

Join us for an information presentation with Attorneys at Hinkle, Prior & Fischer, P.C., who have over 70 years of combined experience providing specialized legal services to families of children and adults with a wide range of disabilities, and seniors. They have argued many of the precedent setting cases affecting individuals with disabilities in New Jersey and Pennsylvania.

Under federal law, all students with disabilities are entitled to special education and related services until the end of the school year following their 21st birthday. Once a student accepts a diploma—regardless of the student’s age – the right to special education and related services comes to an end. Too often, IEP teams rely on standard graduation requirements related to credits and course work to decide when a student should accept a diploma. But the years between 18 and 21 can be an important part of transition for students with disabilities. In this program, attendees will learn about what the IEP team must consider when determining whether there is a need for continued transition services; the transfer of rights at age 18; what to do if there is a disagreement about graduation dates; the rights of students to participate in graduation ceremonies and still continue to receive special education services; and how to plan for when the student with disabilities turns 21.
