

PHONES, ELECTRONICS, & VALUABLES

We're asking parents to make sure their camper(s) leave their phones, electronics, and valuables at home. Here's why:

1. **Camp is Messy** | Dirt, slime, and lots of play means that phones, electronics, and other valuables can easily get broken, lost, and/or damaged.
2. **Ensuring Privacy for All** | We want to create an environment at Camp Legacy where every camper feels safe. One of the best ways we can do that is limiting photos and videos that may compromise a camper's privacy while in their cabin. We'll be sure to capture their memories through photos and videos and share with families once camp has concluded.
3. **No Wi-fi Access** | There will be no wi-fi access for campers while at Camp Legacy. Staff will have access to wi-fi and use it to contact families throughout the camp session.
4. **Getting the Full Summer Camp Experience** | When campers bring electronics and are glued to their screens, it really impacts their overall experience at camp. They take longer to make friends, get acclimated, and truly enjoy the summer camp experience.

Frequently Asked Questions Regarding Phones & Electronics

- **How will I contact my camper if they don't have their phone?**

Summer camp is all about building skills like independence, adaptability, and self-advocacy. This is a great time to give your camper the space they need to develop their own routine, make connections, and really thrive while they're away from home.

- **What if my camper is homesick and really needs to give me a call?**

Our Camp Counselors are ready for those homesick blues. They'll work with campers who are having a tough time adjusting to get them comfortable and re-engaged in activities. If those tools are not successful, Camp Directors will make any necessary calls home for additional reassurance and support.

Note: Young Legacies Inc / Camp Legacy is not responsible for any lost, stolen, or damaged phones, electronics and/or valuables.
