

FREQUENTLY ASKED QUESTIONS

- **What if my camper gets injured during Camp?**

We take safety very seriously! There will be First Aid certified YMCA staff and a Nurse's station on site at all times. These staff are equipped to handle basic first aid needs for campers. If a serious injury occurs, that can not be handled on site, medical services and/or transport may be arranged and families will be called immediately for next steps.

- **Can my camper bring their own snacks?**

No. We want to limit the amount of waste that can accumulate through packaged snacks and goodies. Campers will enjoy 3 square meals at camp (breakfast, lunch, and dinner), s'mores each night, and small snacks throughout the day.

- **Will there be an adult in the cabin with campers through the night?**

Yes. Each cabin is required to have at least (1) adult present whenever campers are inside, including during any rest periods and especially through the night. All of our Counselors and staff have been background checked and cleared.

- **I haven't received a call from my camper. Should I be worried?**

Not at all. No calls from us or your camper means things are moving smoothly! This is your camper's chance to be independent and frequent calls home can hinder that process. If your camper is experiencing extreme homesickness or a major behavior issue you can expect a call from us. Other than that, trust that they're doing just fine!

- **What if my camper forgets an essential item?**

We will have some travel sized essential items available for campers, in case they forget, such as toothpaste/toothbrush, bodywash/soap, and deodorant.
