

Thank you to our many long-time patients. We are grateful to those of you who have supported us through the years, and we welcome new patients to this experience of “old-fashioned caring in a high-tech world”.

Joel Weisblat, MD

With more than 30 years of experience, Dr. Joel Weisblat provides a level of care that is increasingly rare in today's healthcare systems. As one of the few independent internists practicing in the region, he offers the time, attention, and continuity that truly keeps patients well.

- ◆ Research shows that **continuous primary care results in up to a 25% lower risk of premature death**
- ◆ Dr. Weisblat remains fully **up to date on the latest evidence-based treatments** and integrates modern technology to improve patient safety. Through remote monitoring, he can detect rising blood pressure, concerning trends, or subtle health changes early—often long before they become serious
- ◆ He offers multiple avenues of support, including **home visits, same-day access**, and continuous communication, ensuring patients are never alone in managing their health
- ◆ What makes Dr. Weisblat's care truly exceptional is the time he takes to understand the many factors affecting patients' health, integrating those factors to create care plans that reflect **the whole person, not just their symptoms**
- ◆ His **kindness and compassion** don't just make for a better experience in the doctor's office, but provide a pathway to better outcomes and healthier living

In a world of rushed, fragmented care, Dr. Weisblat offers something uncommon: **a physician who knows you, understands you, and works tirelessly to keep you healthy.**

We are always there for you.

As we enter our third decade at Advanced Internal Medicine, new challenges await. Covid is still around, and we are confronted with conflicting medical information on many fronts. During these turbulent times, we look closely at the scientific evidence and pride ourselves on being **a source of truth and stability to our valued patients.**

- Our **Smarthouse Doc** program has allowed us to **monitor our patients from the safety of their homes**, bringing blood pressure under control for dozens of patients, and detecting serious problems at an early stage for many others. Please let us know if this is something you wish to explore.
- Whether it is interacting with our always friendly staff, responding to your questions quickly, or keeping you apprised of the latest developments in the pandemic, **we remain committed to the level of care revered in days gone by.**

Your participation in our membership program allows us to practice medicine in this way. Our goal, as always, is **to provide outstanding, personalized care to every one of our patients.** We are confident that together we can tackle whatever challenges lie ahead.

Patient Membership Options

Our team

We at Advanced Internal Medicine are committed to maintaining our focus on the patient as an individual, dedicating ourselves to the personalized care you have come to expect from this office.

MEMBERSHIP LEVELS

Junior/Basic Level 1

This option is right for you if you need the office infrequently.

- ◆ Doctor reviews test results with you and refills medication without the need for a separate appointment
- ◆ Phone consultation with doctor or nurse to follow up on recently addressed problems
- ◆ Completion of forms for work physicals, school physicals, etc.
- ◆ Appeals to insurance companies
- ◆ Annual limit of 6 phone calls/emails for the above services

Wellness Club Level 2

This is the most popular option for our patients we see on a regular basis.

- ◆ All of the above **PLUS**
- ◆ Doctor will **coordinate your care and visit you at Hillcrest Hospital** should you be admitted there
- ◆ **Unlimited phone calls** and emails to the office staff
- ◆ Weekend Wellness Clinic: Doctor and nurse **available most Saturdays** for preventative visits, urgent concerns, and routine care
- ◆ Early morning (before 9:00) and late afternoon (after 4:30) appointments routinely available
- ◆ **Guaranteed same-day appointments** if you call us before noon
- ◆ Free weight and blood pressure checks at your convenience

E-Wellness Level 3

Choose this level if you'd like to talk on the phone or exchange direct messages with your doctor occasionally.

- ◆ All benefits of Wellness Club membership **PLUS**
- ◆ **Occasional direct consultation with your doctor** – by phone or email – for new concerns or medical questions (includes, when appropriate, calling in new prescriptions without an appointment)

Advanced Wellness Level 4

Choose this level if you'd like to talk on the phone or exchange direct messages with your doctor regularly.

- ◆ All benefits of level 3 **PLUS**
- ◆ **Regular direct consultation with your doctor** – by phone or email – for new concerns or medical questions (includes, when appropriate, calling in new prescriptions without an appointment)

Executive Wellness Level 5

This is our highest level of service.

- ◆ All benefits of level 4 **PLUS**
- ◆ The doctor will **take your call directly** when possible, or will return your call within 30 minutes
- ◆ **House calls** and office visits available on Sundays, holidays, and after hours
