Discussions about how Lexia is being used in the 7-8th grades, not being used in 9-12th. Lexia is a district recommendation. Kayce explained that the district funding preps may not happen in the future. Suggested to fund STAR reader. Kayce has written a grant to hopefully cover after school tutoring, waiting to hear back. Discussions about how 7 Mindsets is being taught. It is being taught during TAG with their advisors on Mondays. The program has changes/updates every year so the students are not being taught the same thing every year. Discussion about the distance learning opportunities that are provided at the high school.
