"We are incredibly grateful for the talent and expertise that the Sherri Patterson Team brought to our home buying process. Alyssa went above and beyond: orchestrated virtual tours of neighborhoods and homes, as we tried to navigate an across-country move to Sacramento. She was always available, responsive, and professional. Alyssa seamlessly connected the many complex pieces needed to negotiate, manage and successfully close escrow while we were still across country, so that we could move into our new home once arriving in California! We cannot thank her enough for helping us navigate the complex process of finding the right home and easing the transition to a new area."

# *WHY WE WORK BY REFERRAL*

## **MORE TIME TO SERVE YOU**

Unlike many agents, our primary source of new business is referrals from people who know and trust us. That means we don't have to spend all our time prospecting for new leads. This allows us to dedicate ourselves fully to the activities that benefit you most and deliver truly exceptional service.

## **SERVICE THAT CONTINUES AFTER THE SALE**

We devote ourselves to serving the needs of our clients before, during and after each sale. Instead of disappearing after the closing, you can expect us to keep in touch. We will send you valuable information each month, and will also call from time to time just to check in and see if you need anything.

## **SERVICE THAT WILL EXCEED YOUR EXPECTATIONS**

We know we must earn your referrals, so we aim to exceed your expectations. We have a vested interest in making sure that you are completely satisfied at the end a transaction together. We want you to be so "fired-up" that you can't wait to tell your friends and family about us and the fantastic service you received! When you come across an opportunity, we'd appreciate you referring us to great people like yourself, who would benefit from the excellent service and personal attention we provide.

When it comes to finding a great service provider, there is nothing like getting a referral from someone you know and trust who has used that provider and received great service. That's why we choose to work by referral. Trust is a big deal, especially when it comes to the professional you choose to handle the largest purchase you'll ever make—the purchase (or sale) of a home. Here are the benefits to you:

## *WHAT WE CAN DO FOR YOU BEFORE, AFTER AND DURING THE SALE.*

Give advice on upgrades that will enhance your property's resale value.

Provide you with up-to-date information and statistics on local market conditions.

Refer you to our trusted list of handymen, general contractors, interior designers, roofers, painters, flooring installers, plumbing/electrical / HVAC specialists

## **WE'RE PART OF A NETWORK OF AGENTS WHO SELL IN 1 OUT OF EVERY 8 HOMES NORTH AMERICA**

If you have a friend or family member who is moving out of the area, We can ease the transition by making sure they are connected to the right agent!

# LUXURY SPECIALISTS

## *WE ARE CERTIFIED LUXURY HOME MARKETING SPECIALISTS™!*

Each of our agents at the Sherri Patterson Team have earned their Certified Luxury Home Marketing Specialist™ (CLHMS) designation and GUILD™ recognition.

## HERE'S HOW

# 10 TIPS TO MAKE RELOCATION EASY

## 1 Research.

What are you looking for in a neighborhood? Make a list of your priorities such as schools, recreation, safety, cost of living and especially take a look at the job market. Once you have a pretty good idea of what you're looking for, you can narrow down your search to house type, size and amenities.

## 3 Secure a job.

Are your skills, service, profession or business needed in the area you're prospecting? Make sure you'll be able to thrive in your career before making the move. If working with a recruiter or human resources personnel, get your offer letter before making an offer on a home or signing a lease.

## 5 Get pre-approved.

If you're planning to purchase a home in the area, it's best to get pre-approved for a loan before looking at homes. This way, you know exactly what price range of homes you can afford and can come with an offer that's likely to be accepted once that time comes. Find a lender who will work with your particular circumstance or one whose expertise is in relocation.

## 2 Tour the area.

There's only so much you can learn about a place from online searches and photos! In order to really determine if an area is right for you and your family, you need to visit it. Having a dedicated relocation specialist show you around will help you make a decision based on experience.

## 4 Ask the locals.

One of the best ways to get to know an area is to ask the people who actually live there! While you're interviewing for a position, take some time out to meet up with anyone you know who lives in the area, including your real estate agent to ask questions about the area to get their honest opinions.

## 6 Consider the stats.

Another good way to find out if an area will work for you is by taking a look at the most recent census or gathering demographic data from sites such as [Areavibes.com](http://Areavibes.com). Does the neighborhood you're considering fit what you're looking for? Will you fit in and be happy here?

## 7 Check the crime.

You want to make sure your new home is safe and sound, especially if you're moving your children with you. Check the crime rates and local registry for sex offenders to ensure your new home meets the needs of your family and your peace of mind.

## 8 Look at three.

After considering your priorities, your must-haves and deal breakers, narrow the list of your favorite homes down to your top three. Work with your real estate agent to view the homes.

## 9 Hire movers.

Will you be driving across the country in a huge truck of your belongings or will you hire movers to carry the load? If the latter, work with a reputable moving company to help bring household items to your new home.

## 10 Get plugged in.

Community is very important to many people. If you do not know anyone in the new area you will be relocating to, be sure to get plugged into a community that makes it easy to build relationships such as a church, parent-student committee or hobby group. Be sure to follow local groups on social media.
